ACCA Paper P2 - Corporate Reporting (INT) Practice and Revision Kit BPP Learning Media 2010-01-01 The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. P2 is a very challenging paper which builds on the knowledge and skills acquired at earlier levels in the preparation and analysis of financial reports for single entities and groups. It takes these areas to a higher level, putting into context the role of the accountant as a professional steward and adviser, who is responsible to the stakeholders of an organisation. It has five main sections: 1. Regulatory and ethical framework and current issues 2. Reporting the financial performance of entities 3. Group financial statements 4. Specialised entities 5. Analysis of the financial performance of entities. The main new topics introduced at this level relate to group accounts, but other topics are tested with a different emphasis and in more depth than at the Fundamentals Level. We provide material for both International and UK streams. International is now the ACCA main stream. Question practice is essential for all papers, but for P2, there is a strong 'fear factor'. Questions look intimidating, and it is only once you get into the detail that you realise that there are easy marks and more complicated parts that are not essential to get a pass. Our practice and revision kit follows the order of the text and there are a large number of questions on all syllabus topics. Our kit gives ample opportunity to practice the long, 50 mark case studies, which will be the compulsory Section A question in the exam. Three mock exams, including the Pilot Paper, also reflect this format. As a gentle introduction to many of the topics, there are preparation questions giving instructions in basic techniques. Most questions have marking schemes, so that you can see that the examiner awards marks for these techniques. For P2 international, a revised edition of the kit is being produced for December 2008 to reflect the changes to IFRS 3 Business combinations. This will be available at the end of September. P2 Corporate Reporting Q&A September 2014 to June 2015 Acca ACCA Simplified 2015-04-05 New edition updated for examinations through to June 2015. This book is based on our "Test/Repeat/Succeed" philosophy and on our belief that the best way to learn ACCA syllabus content is through a very active self-test approach. Getting a question wrong, looking at the right answer and trying again and again is the most effective way of building knowledge - far better than just passively reading and trying to memorise material. Set of over 1,000 short form questions (Q&As) which condense and break down all elements of the P2 syllabus into interactive questions which can be completed very quickly and multiple times before the exam. The process of revisiting key areas will lead to better knowledge retention and a more active revision technique. This method is particularly valuable in a long syllabus such as P2 as it will reduce your revision time by eliminating the need to read and re-read unnecessary text in your Study Materials - instead we just go straight to the point through our questions. Using the Q&A will also eliminate the need to make notes. Questions are based on review of both the ACCA syllabus and past papers to ensure a focus on key areas. Includes mark breakdown of past papers over the 2008 to 2012 period to identify the key areas which the examiner likes to test. Covers both UK and International paper options with clear indication of UK-only questions. For samples and further explanation of our technique, see www.accasimplified.com.
