Self-Made Man Norah Vincent 2006-01-19 A journalist's provocative and spellbinding account of her eighteen months spent disguised as a man. Norah Vincent became an instant media sensation with the publication of Self-Made Man, her take on just how hard it is to be a man, even in a man's world. Following in the tradition of John Howard Griffin (Black Like Me), Vincent spent a year and a half disguised as her male alter ego, Ned, exploring what men are like when women aren't around. As Ned, she joined a bowling team, took a high-octane sales job, went on dates with women (and men), visited strip clubs, and even managed to infiltrate a monastery and a men's therapy group. At once thought-provoking and pure fun to read, Self-Made Man is a sympathetic and thrilling tour de force of immersion journalism.

F\*ck Him! - Nice Girls Always Finish Single - A Guide for Sassy Women Who Want to Get Back in Control of Their Love Life Brian Keephimattacted 2016-10 The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F\*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f\*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f\*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of this page and start your high value woman journey right away!

Act Like a Lady, Think Like a Man Steve Harvey 2009-10-06 "Harvey offers surprising insights into the male mentality and gives women strategies for taming that unruly beast." —Philadelphia Inquirer "Women should listen to Steve Harvey when it comes to what a good man is about. Steve Harvey dispenses a lot of fabulous information about men." —Aretha Franklin The #1 New York Times bestseller from the new guru of relationship advice, Steve Harvey's Act Like a Lady, Think Like a Man is an invaluable self-help book that can empower women everywhere to take control of their relationships. The host of a top-rated radio show listened to by millions daily—and of cable TV's The Steve Harvey Project—Harvey knows what men really think about love, intimacy, and commitment. He's Not That Interested, He's Just Passing Time Bruce Bryans 2015-11-12 How to Tell if a Man Wants You for a Lifetime or Only for the Moment Men don't really have "commitment issues." At least, not in the way most women think men do. When a man tells you he has "commitment issues", there's a good chance that what he REALLY means is he's not that interested in you and is just using you to pass time with until he meets someone "better." When a man isn't interested in a relationship with you, his "commitment issues" are nothing more than an excuse to waste your time and reap the benefits of your decision to stay with him in order to "see where this thing goes." It's at this point where many women make one of the worst dating decisions possible, as they choose to remain with a half-interested man, hoping that over time they'll be able to "lull" him into a serious commitment. The Biggest Reason Why Men Pull Away and Suddenly Lose Interest Women often wonder why men pull away and lose interest in a blossoming romance without so much as a warning. Though there could be a ton of reasons why a man might pull away, the most common reason for his loss of interest is this: he wasn't THAT interested in you to begin with. In general, even though men are more than able to commit to a woman once certain conditions in their life are met, they will not directly inform you when you're not the right girl for them or that now isn't the right time for them to take a woman seriously. And because men are far more opportunistic when it comes to dating, a lot of guys won't hesitate to take advantage of a dating situation that reaps high rewards with as little effort possible. How to Avoid Dating Men Who Will Keep You Unloved and Perpetually Unclaimed No matter which way you look at it, even though men don't really have commitment issues, they don't find it necessary or in their best interest to inform a woman when she's nothing more than a beautiful distraction, a way to earn the respect of his peers, or just a target to sharpen his seduction skills so that he'll be primed and ready when a "better" woman comes along. This is the ugly truth, but there's hope. In this book, you'll get an inside look at how a man thinks and interacts with a woman when he's not that interested in her. This sort of male behavior is actually easy to spot IF you know what to look for. It's extremely difficult for a man to waste your time and treat you like a short-term plaything without exhibiting certain unmistakable behaviors that clearly communicate that he's trying to keep you interested...but unclaimed. Here's what you're going to learn inside: The seductive language men use when they want to discourage you from wanting a COMMITTED relationship. How quickly learning this ONE thing about him can tell you if he's "unequipped" to handle a serious relationship. The pattern in a man's dating history that IMMEDIATELY reveals if he's a commitment-phobic time waster. How to avoid being confused by men who might love you tenderly, but would NEVER make you their girlfriend. How to stop losing sleep wondering "DOES HE LIKE ME?" and get him to either take you seriously or take a hike! How observing this simple behavior reveals if he thinks you're "THE ONE" or just "Some One" to pass time with until he finds his Ms. Right. The relationship red flags for recognizing a DEAD ON ARRIVAL romance so you don't end up wasting your time. How to tell if a man is still secretly IN LOVE with his ex and is only one sad love song away from abandoning YOU for HER. And much, much more... Would You Like to Know More? Get started right away and discover how to tell if a man desperately wants you or if he's just not that into you. Scroll to the top of the page and select the "buy button" now.

Act Like You Got Some Sense Jamie Foxx 2021-10-19 From Academy Award-winning multi-talent Jamie Foxx, a hilariously candid look at the joys and pitfalls of being the father of two daughters. Jamie Foxx is not only an actor, comedian, and musician, he's also starring in his most humbling and long-running role yet as father to two independent girls: Corinne and Anelise. While his daughters have very different views on the world, there is one thing they can agree on: Dad gets on their mother's nerves. Though every day with his girls brings hurdles and hilarity, he's learned a lot along the way. In ACT LIKE YOU GOT SOME SENSE - a title inspired by his beloved and fierce grandmother - Jamie reveals his rocky parenting journey through priceless stories about the tough love and old-school values he learned growing up in the small town of Terrell, Texas; his early days trying to make it in Hollywood; and life after achieving stardom. You would think being an A-lister would ease his dad-duty struggles, but if anything, it has only made things more complicated. It seems that a teenage girl who just wants to blend in with her friends will not be excited to see her dad's flashy new convertible at the front of the carpool lane. Hilarious, poignant, and always brutally honest, ACT LIKE YOU GOT SOME SENSE is Jamie Foxx like we've never seen him before, dealing with problems he never imagined he'd have.

*Red Flags* Brian Nox 2017-02-25 Learn Secrets about Men And The Dishonest Games they Play That Most Women Will Never Know Most women are very surprised when a man becomes distant, when they find out he wasn't as interested as he seemed, or worse, when everything he said turns out to be a blatant lie. It's time to use the secrets of the men who "play" games with women and find out - What the Red Flags are that will give him away sooner - How to find out if he sees a future with you - Why men play games with you (what are their motives?) - Two reasons why men won't commit - The types of men who play games with you - Strategies to get him - How to force him to show his cards, how to find out the truth sooner than later - When and how to let him go, if needed. - How to test him and see if he's willing to go the extra mile - My quick strategy to make a man commit. There are different types of men who play games with women. Not all of them are the obvious 'player', that's the only type of player you can see from a mile away. No, no, there are other types of men who use the radar manipulation techniques to keep women interested, even though they see no future with her. It's hard to date a man or be in a relationship (let alone a marriage) with a man who's not really honest about his real feelings for you. In this book, you'll learn what types of men play games, why they play those games, red flags to watch out for, and how to filter the true bad boys out of your life. You'll learn how you can protect your heart from men who don't even deserve your attention, let alone your love and devotion. I want you to understand what types of men play these games because this will help you identify them a lot sooner. Then I'll teach you some strategies to quickly test him and turn things around. If he doesn't respond well to those tests, at least you can be sure that he's playing with you and it's time to move on. I've been coaching women for many years now, and it frustrates me when I see how many men simply don't respect women. They play with their hearts, their feelings, and their future. Since I'm a man myself, I know why men do what they do. I'm here to help great women like you who keep walking into the traps of the same disrespectful men. Men who play games do it with every woman they meet. If you've ever encountered one, it wasn't personal; it's just the way they are built. They don't know any better. In my series of books, I try to uncover the truth about the man behind the game, so you'll know what's really going on in his mind. In this book, we'll focus on the type of men who play games with women. These men know how to touch a woman's hot buttons, how to make her happy, how to attract her into his trap. The problem is, because they're not genuine, your gut feeling will start to notice the discrepancies, the little white lies, when his words don't align with his actions. That's when the emotional rollercoaster ride starts. Men who play games, and as you'll see it's not only the player type who does this, know how to hang a carrot on a stick in front of a woman. You might think this only happens to not-so-intelligent women. It doesn't. Some of my clients have very

high positions in international companies, household names, lawyers, surgeons, and so on. Yet they too fall for his games and step into his traps. Some of these men are smart. They are master conmen, master manipulators. Not all of them have bad intentions, as you'll learn; some simply don't know any better. They don't have the emotional intelligence that's needed to reveal their true selves. You'll learn how to spot those men as well. Good luck!

[Texts So Good He Can't Ignore](#) Bruce Bryans 2018-05-02 What to Text Him Back to Keep Him Hooked and Make Him BEG to See You Again Did you know that men secretly use texting as a way to "pre-screen" a woman's romantic value? A woman's texting habits can reveal a lot about her self-worth, confidence, intelligence, and even her level of class and emotional maturity. Because guys covertly appraise a woman's relationship potential this way, many women often have no idea that the way they communicate via text is actually sending the wrong message and thus, they unknowingly end up chasing men away. Discover the Secrets of Texting Men to Effortlessly Stand Out from EVERY Other Woman Men have their own unique way of interpreting a woman's communication attempts. Therefore, although many women mean well, they often do things when texting men that sometimes makes them appear too easy, too needy, too bossy, or too boring...even if these things aren't necessarily true about them. Texting is the one medium of communication in which a great guy can easily get the wrong idea about you. And as these wrong ideas pile up inside his mind, they usually coalesce into a single romance-killing thought: That he can do better than you. So, what's a girl supposed to do then? Simple really. All she needs to do is understand exactly how men appraise female texting habits and how to use this knowledge to differentiate herself as being a high-value woman. Doing so will make it easy for her to stand out from EVERY other woman who texts him. How to Use Texting to Tease, Flirt, and Entice Your Way into Becoming His TOP Priority If you want to arouse the kind of long-term desire in a man that makes him eager to pursue you for dates, romance, commitment, and more, you must take advantage of texting and use it to make subtle and seductive displays of your high-status, and thus, your high-value. Fortunately, this is exactly what you're going to learn in, Texts So Good He Can't Ignore! In this fun and insightful dating book, you'll learn the texting habits of high-value women and gain access to a vast collection of irresistible, man-melting text messages that make men EAGER to text you back and desperate to see you again. And because this in-depth guide focuses on how men think (unlike most dating books for women), it will give you a distinct advantage over your peers when it comes to texting men. Here's what you're going to learn inside: Exactly what to text a guy when he's stringing you along and only doing the BARE MINIMUM to keep you interested. How to use mischievous "Feisty Girl" texts to get a man to finally ask you out (or ask you out AGAIN), while making it seem like it was all HIS idea. What to do (and what NOT to do) if a guy suddenly stops texting you or starts responding to your texts less and less. How to get him to CALL YOU instead of texting all the time. What to text a man to "let him down easy" but KEEP him interested whenever he sends an inappropriate or overly sexual text. Exactly what to text a guy who keeps "coming BACK from the DEAD" and suddenly starts taking an interest in you again. (Hint: These cheeky little texts can end his mind games for GOOD!) A simple method for starting conversations that IMMEDIATELY grabs his attention and makes him EAGER to text you back. What to text a guy you know and like to initiate his "Chase Mode" and make him see you as MORE than "just-a-friend." [Act Like a Leader, Think Like a Leader](#) Herminia Ibarra 2015-01-20 You aspire to lead with greater impact. The problem is you're busy executing on today's demands. You know you have to carve out time from your day job to build your leadership skills, but it's easy to let immediate problems and old mind-sets get in the way. Herminia Ibarra—an expert on professional leadership and development and a renowned professor at INSEAD, a leading international business school—shows how managers and executives at all levels can step up to leadership by making small but crucial changes in their jobs, their networks, and themselves. In Act Like a Leader, Think Like a Leader, she offers advice to help you: • Redefine your job in order to make more strategic contributions • Diversify your network so that you connect to, and learn from, a bigger range of stakeholders • Become more playful with your self-concept, allowing your familiar—and possibly outdated—leadership style to evolve Ibarra turns the usual "think first and then act" philosophy on its head by arguing that doing these three things will help you learn through action and will increase what she calls your oversight—the valuable external perspective you gain from direct experiences and experimentation. As opposed to insight, oversight will then help change the way you think as a leader: about what kind of work is important; how you should invest your time; why and which relationships matter in informing and supporting your leadership; and, ultimately, who you want to become. Packed with self-assessments and practical advice to help define your most pressing leadership challenges, this book will help you devise a plan of action to become a better leader and move your career to the next level. It's time to learn by doing.
