Kissing in Cars Sara Ney 2017-03-28 WILL SHE, OR WON'T SHE... Studious and (mostly) sensible, the only thing Molly Wakefield wants to do is get through Senior Year and graduate. Well, that and hit the beach in her spare time. Okay, fine - and go shopping every once in a while for a new dress... (and who could blame her?) And things are going according to plan - until the day she spies Weston McGrath, handsome star athlete and scholar, spying on her in study hall. A tad creepy? Maybe. Thrilling? Absolutely. You see, Weston McGrath happens to be one guy no one can get close to. Despite her best efforts to avoid it (because let's face it - the guy isn't exactly "boyfriend material") Molly and Weston form a friendship. And more.... Sort of. But it's a friendship that comes with a price - because Weston just cannot seem to stop screwing things up. Or saying all the wrong things. Possibly in that order... And who has time for an 18 year old "fixer-upper" that should know better? Not Molly. Or does she?

Handwriting Pocketbook Julie Bennett 2015-09-16 Whether you're teaching novice writers, older children or adults, you'll benefit from Julie Bennett's enthusiasm and expertise. She presents handwriting as both an art and a science. Either way, it can be mastered. Julie covers all bases: teaching, improving and troubleshooting handwriting. Starting with the basics - seating, posture, paper and writing implements - she then fixes the goalposts with a handwriting checklist. This is the reference point for remedying a range of common problems (e.g. uneven spacing between words and letters or inconsistent slope and slant) using Julie's multi-sensory 'Key Notes' method. A chapter on teaching beginner writers moves through the stages of writing from pre-literate to fluency, and a section on solving handwriting problems (e.g. for left-handers or those with dysgraphia or arthritis) is followed by a treasure trove of resources: schemes, aids, software, websites and books. In fact, it equips students to write and read more efficiently than reading and instruction alone. So when it comes time to assess students' yearly progress, it's not just about reading (or math, or science). It's about preparing confident communicators equipped with cross-disciplinary skills that translate directly to demonstrating proficiency on standardized tests. Zaner-Bloser Handwriting has been carefully designed to support the Texas Essential Knowledge and Skills (TEKS) standards for handwriting. Desiderata Max Ehrmann 2002-10 Written 75 years ago, Desiderata achieved fame as the anthem of the sixties' hippie-dom - the subject of many millions of posters and handbills - and famously narrated by Les Crane in his 1971 song version of the poem. Over the years Desiderata has provided a kind and gentle philosophy, a refreshing perspective on life's bigger picture. This new presentation of the prose poem will bring it to the attention of a new generation. The origins of Desiderata were, for many years, shrouded in mystery. Once thought to have originated from St. Paul's Church in Baltimore, Maryland in the seventeenth century it was later discovered that American poet Max Ehrmann had written it in 1927. Presented in a refreshingly modern design, Desiderata will appeal to a younger generation looking to find the meaning of life, and to baby-boomers who'll recall Desiderata from their youth.
