Mastering Stocks and Broths Rachael Mamane 2017 Stocks and broths are the foundation of good cooking, yet information on their use is often relegated to the introductions or appendices of cookbooks. Until now there has not been a comprehensive culinary guide to stocks in the canon, save for snippets here and there. Hard to believe, since most passionate home cooks and professional chefs know that using stocks and broths--both on their own and as the base for a recipe--can turn a moderately flavorful dish into a masterpiece. Mastering Stocks and Broths is the comprehensive guide to culinary stocks and broths that passionate home cooks and innovative chefs have all been waiting for. Rachael Mamane, a self-taught cook and owner of small-scale broth company Brooklyn Bouillon, is reminiscent of M. F. K. Fisher, Patience Gray, and Julia Child. She takes us on a culinary journey into the science behind fundamental stocks and the truth about well-crafted bone broths, and offers over 100 complex and unique recipes incorporating stocks as foundational ingredients. Mastering Stocks and Broths includes a historical culinary narrative about stocks in the classic French technique as well as through the lens of other cultures around the world. Readers will learn about the importance of quality sourcing, the practical and health benefits of stocks and broths, and detailed methodology on how to develop, store, and use them in a home kitchen. The recipes place a playful emphasis on the value of zero waste, turning spent bones, produce seconds, and leftover animal fats into practical products to use around the home. Readers will turn to this book when they find themselves wondering what to do with the carcass of a store-bought roast chicken and they want to learn how to make every inch of their vegetables go further. Perhaps most important to remember: a good stock takes time. This is part of the pleasure--making stocks is meditative and meaningful, if you allow yourself the occasion. Building a stock often happens in the background of most kitchens--a smell that permeates a residence, a gentle warmth that radiates from the kitchen. Readers will be inspired by Mamane's approach to truly slow cookery and her effervescent love for food itself.

A heartbreaking, time-bending, galactic mindbender delivered in the mordantly funny clip of a doomed antihero."—Daniel Kraus, co-author of The Shape of Water

Now in paperback, this mind-bending and emotional speculative thriller is set in a world where the exact moment of your death can be predicted—for a price, featuring an excerpt from the upcoming *Bride of the Tornado*. Our narrator is the most talented salesperson at Dare to Know, an enigmatic company that has developed the technology to predict anyone's death down to the second. Divorced, estranged from his sons, and broke, he's driven to violate the cardinal rule of the business by forecasting his own death day. The problem: his prediction says he died twenty-three minutes ago. The only person who can confirm its accuracy is Julia, the woman he loved and lost during his rise up the ranks of Dare to Know. As he travels across the country to see her, he's forced to confront his past, the choices he's made, and the terrifying truth about the company he works for. Wildly ambitious and highly immersive, this thought-provoking thriller explores the destructive power of knowledge and collapses the boundaries between reality, myth, and conspiracy as it races toward its shocking conclusion.

Life in isolated Amity Falls, surrounded by an impenetrable forest, has a predictable sameness. Her days are filled with tending to her family's beehives, chasing after her sisters, and dreaming of bigger things while her twin, Samuel, is free to roam as he wishes. Early town settlers fought off monstrous creatures in the woods, and whispers that the creatures still exist keep the Downings and their neighbors from venturing too far. When some townsfolk go missing on a trip to fetch supplies, a heavy unease settles over the Falls. Strange activities begin to plague the town, and as the seasons change, it's clear that something is terribly wrong. The creatures are real, and they're offering to fulfill the residents' deepest desires, however grand, for just a small favor. These seemingly trifling demands, however, hide sinister intentions. Soon Ellerie finds herself in a race against time to stop Amity Falls, her family, and the boy she loves from going up in flames.

The Crucible Arthur Miller 2012-03-19 "The Crucible" is a 1952 play by the American playwright Arthur Miller. It is a dramatization of the Salem witch trials that took place in the Province of Massachusetts Bay during 1692 and 1693. Miller wrote the play as an allegory of McCarthyism, when the US government blacklisted accused communists. Miller himself was questioned by the House of Representatives' Committee on Un-American Activities in 1956 and convicted of "contempt of Congress" for refusing to identify others present at meetings he had attended. It was first performed at the Martin Beck Theater on Broadway on January 22, 1953. Miller felt that this production was too stylized and cold and the reviews for it were largely hostile (although The New York Times noted "a powerful play in a driving performance"). Nonetheless, the production won the 1953 "Best Play" Tony Award. A year later a new production succeeded and the play became a classic. It is a central work in the canon of American drama. Fuji Books' edition of "The Crucible" contains supplementary texts: * "Tragedy And The Common Man", an essay by Arthur Miller. * Excerpts from Nathaniel Hawthorne's magnum opus "The Scarlet Letter", a narrative of the Salem Witch trials. * A few selected quotes of Arthur Miller.

Priest Sierra Simone 2015-06-29 There are many rules a priest can't break. A priest cannot marry. A priest cannot abandon his flock. A priest cannot forsake his God. I've always been good at following rules. Until she came. Then I learned new rules. My name is Tyler Anselm Bell. I'm twenty-nine years old. Six months ago, I broke my vow of celibacy on the altar of my own church, and God help me, I would do it again. I am a priest and this is my confession.

How to Live on 24 Hours a Day Arnold Bennett 2009-01-01 You have to live on twenty-four hours of daily time. Out of it you have to spin health, pleasure, money, content, respect, and the evolution of your immortal soul. Its right use, its most effective use, is a matter of the highest urgency and of the most thrilling actuality. All depends on that. Your happiness – the elusive prize that you are all clutching for, my friends! – depends on that. Which of us lives on twenty-four hours a day? And when I say "lives," I do not mean exists, nor "muddles through." Which of us is not saying to himself – which of us has not been saying to himself all his life: "I shall alter that when I have a little more time"? We never shall have more time. We have, and we have always had, all the time there is. It is the realization of this profound and neglected truth (which, by the way, I have not discovered) that has led me to the minute practical examination of daily time-expenditure.
