Where Big Babies Live Michael Bent 2020-09-18 In a city somewhere exists a gated community for the very unique - a place where 'special' babies live, breathe, go to school, learn and escape the pressures of their unique identity. A community for those whose baby needs will not be hidden nor dismissed. Adults, teenagers and children - all babies on the inside - have special needs and are not accepted by the community at large. Learning to be a baby in an adult world is hard and for many, impossible. Some don't make it through, but there is a place for the few where the baby inside can also be the baby outside and the adult life that must invariably be ultimately traversed, becomes easier after time spent... Where Big Babies Live Sanctuary for the babies in so many of us is here. Now. Come and read about four young people and their parents and how they came to a place of safety and adventure... in diapers.

Work-Life Interface Toyin Ajibade Adisa 2021 In today's globalised world economy, it is becoming increasingly pressing to shine a light on the interface of work and private life. In order to fully understand the issue we must take an inclusive view and not limit our understanding to Western perspectives. This contributed volume encompasses research and perspectives from the global south, including Sub-Saharan Africa, Asia and South America. In doing so, this

collection fills a gap in existing literature to give a broader view of the topic. Divided by geographic territory into three sections, the book combines original research, case studies and interviews as well as comparative studies. Chapters cover a wide range of emerging issues including gender and work-life balance; the role of culture; men and household work and work and family balance, to name a few. Crucially, the book offers critical perspectives and understanding of work-life interface/balance/conflict as a collection of conceptual, theoretical, and empirical studies that draws on qualitative and mixed methodologies. Bringing a unique contribution to the field, this book is a useful resource for students, academics, managers and policy makers. Toyin Ajibade Adisa is Senior Lecturer in HRM and Organisational Behaviour at the University of East London, UK. Currently, he is a course leader for HRM undergraduate course at UEL. His research interest covers areas of flexible working practices and gender equality. Toyin has published in high-impact academic journals. Gbolahan Gbadamosi is Associate Professor Organisational Behaviour and HRM, Bournemouth University Business School, UK. He has over 100 academic publications, most in scholarly academic journals. Gbola at different times has been affiliated with 6 universities in 5 countries. He has completed several Ph.D. supervisions and about 20 doctoral examinations.

*Cycles* Maria de Andrade 2016-12-19 A young couple meets during a Carnival celebration in their beloved city of Lisbon, beginning a passionate and challenging journey together that will span two countries and two political revolutions. Told through Tiago and Marta's eyes, *Cycles* explores how lives, families and careers changed, for the worse and for the better, as Portugal fought to find democracy in the early 1970s in the wake of the Carnation Revolution, a turbulent military coup d'état. When the couple eventually fulfills Tiago's dream of immigrating to Canada, they experience a new form of political unrest as they settle in Montreal during the Quebec Referendum. Together they must struggle to redefine themselves as they learn a new language, make friends and try to succeed and get ahead in their new country. This thoughtful, compelling novel takes on universal themes and offers an insightful take on the complexities of politics, family, marriage, and women in the workplace. Most of all, it illustrates how love, in all its forms, can endure in the face of hardship.

*As the Beacon Turns* J. M. Coutts 2005 A wonderful, nearly true tale of Emergency Medical Services in the private ambulance sector, beginning in 1975. Filled with real emergencies, antics of comic relief and the story of a young girl who survived it all. A sassy but sweet twist that gives a new perspective of the EMS profession.

*Fight Less, Love More* Laurie Puhn 2012-09-18 A Harvard-trained lawyer and

mediator shows busy couples how to stop fighting and start communicating. In *Fight Less, Love More*, readers will learn how to identify the bad verbal habits, instinctive responses, and emotional reasoning that can cloud judgment and ultimately lead to the deterioration of otherwise healthy relationships. With exercises, examples, and sample scripts, Puhn's modern voice presents simple 5-minute strategies create immediate, positive changes and provide long-lasting communication skills that couples can continually employ when faced with conflict.

When Husbands and Wives Become Parent and Child - North American Diaper Edition Maggie Joyce 2022-05-10 Maggie Joyce, author of 'The Fulltime, Permanent, Adult Infant' writes of relationships where the adult relationship is partly or significantly replaced by a parent/child one. That 'child' could be an older preschooler or a toddler or even a baby right down to almost newborn. For most adult babies, their regression is limited and more under control, but for some, it is so significant and long-lasting that it creates a permanent change in the relationship paradigm. This book has case studies on other couples that have embraced - willingly or not - varying aspects of the parent/child relationship. She then gives some clues and advice on taking some of the angst out of relationships where one is an adult baby and the other is struggling to handle it.

This title is SO much better than the original working title of *Elderly Wino*. If you're a feisty, robust female tumbling down the far side of fifty, grab a glass of cabernet (oh hell, grab the whole bottle), wear your rhinestone-studded reading glasses, and savor some witty words of wisdom: - Enjoy midlife love, sex, and passion (with another actual, living person) - Turn your adult children's old room into a wine bar so they can't move back home - Remain confident when your boobs sway like tube socks, you're a case study for Irritable Bowel Syndrome, and your aging parents forget your name Yes,

midlife is your reward for not dying young. So, drink it all in, Sisters! The best is yet to come.

**Potty Train Your Child in Just One Day** Teri Crane 2006-06-06 Finally...a fun, easy-to-use guide to potty training any child in just ONE DAY Just think, from the time babies are born until they are toilet trained, they use an average of 4,000 diapers! **Potty Train Your Child in Just One Day** is the helpful guide you've been waiting for to get your child out of diapers and turn the potentially terrifying process of toilet training into an effective and enjoyable bonding experience with your child. Teri guides parents to the successful one-day potty training of their child by teaching them how to:

- Look for the signs that your child is ready to be potty trained
- Make the potty connection by using a potty-training doll
- Create incentive through consistent positive reinforcement
- Use charts, quizzes, and checklists to help with every step of potty training
- Know when it's time to bring in a potty pinch hitter
- Complete your potty training -- no more accidents

Once Teri teaches you her techniques, she shares her secret -- potty parties! She has carefully designed twelve imaginative themes for parties, such as a seriously silly circus, a cartoon character carnival, or a magic carpet express, and supplies parents with everything they will need. Teri has proven that a potty party day engages a child in potty training in a way that no other method has before -- by speaking a toddler's language. A party may translate to fun, games, cake, candy, presents, and prizes to a child, but with Teri's expertise, parents can use it as a tool to motivate their child to want to go to the bathroom -- and to keep on going. That's why it works in just one day! So, your teenager is wearing nappies!

**Rosalie Bent** 2019-11-05 All around the world parents are discovering their teenagers are trying out nappies and some of them keep wearing them. It is not a new phenomenon, but it is increasingly becoming a frustration and a fear among parents who simply don't understand it. This book helps explain some of the motivations behind teenage nappy/diaper desires and to allay parent's fears. Rosalie Bent methodically goes through the issues relating to teenage nappy-wearing and helps you to not feel afraid of it and to understand it better. One of the classic books relating to the world-wide phenomenon of nappy-wearing for teens and adults.

**Though I Walked Through the Valley** Elaine Walker 2022-08-01 Yea, though I walk through the valley of the shadow of death, I will fear no evil; For you are with me; Your rod and Your staff, they comfort me. ""Psalms 23:4, NKJV Have you ever been so close to death that you could see the face of Jesus? Have you ever been so sick that you were afraid that you were going to die? Have you ever felt so overwhelmed by illness that you could not function in your day-to-day activities? Are you tired of the devil robbing you of the life that God wants for you? I want my readers to know that even in the most difficult storms of life, we can be overcomers! When you are facing the most difficult times you

have ever faced, know that God is near to you. He will comfort you. The Holy Spirit will intercede for you. Our faith, hope, and trust in God prevails, and He is always with us. The miracles that come about during these storms are so overwhelming! God is constantly working even though we can't see what is happening. We may look at the circumstances and feel like the outcome is going to be negative. God proves that if we keep our faith and trust in Him and what He says that He will work all things for our good. Things do not always happen in our imperfect time, but God's timing is perfect, and we have to trust in that even when we have lost our ability to be patient. In my own personal battle with my health during most of 2016, all of the things that I was hearing from doctors and witnessing as symptoms in my own body were telling me that I was going to die. God heard my prayers and honored my desire to keep on living. My prayerful desire is that the stories that my family and I will share with you through this book will give you a greater understanding of how loving and faithful our God is. Come take a walk with me and my family.

Systemic Crises of Global Climate Change Phoebe Godfrey 2016-04-14

Sociological literature tends to view the social categories of race, class and gender as distinct and has avoided discussing how multiple intersections inform and contribute to experiences of injustice and inequity. This limited focus is clearly inadequate. Systemic Crises of Global Climate Change is an edited volume of 49 international, interdisciplinary contributions addressing global climate change (GCC) by intentionally engaging with the issues of race, gender, and class through an intersectional lens. The volume challenges and inspires readers to foster new theoretical and practical linkages and think beyond the traditional, and oftentimes reductionist, environmental science frame by examining issues within their turbulent political, cultural, and personal landscapes. Varied media and writing styles invite students and educators to reflexively engage different, yet complementary, approaches to GCC analysis and interpretation, mirroring the disparate voices and viewpoints within the field. The second volume, Emergent Possibilities for Sustainability will take a similar approach but will examine the possibilities for solutions, as in the quest for global sustainability. This book is a valuable resource for academics, researchers and both undergraduate and post-graduate students in the areas of Environmental Studies, Climate Change, Gender Studies and International studies as well as those seeking a more intersectional analysis of GCC.

The Country Almanac of Housekeeping Techniques That Save You Money

Richard Freudenberger 2012-01-01 "The Country Almanac of Housekeeping

Techniques That Save You Money is an empowering book that shows us all how to live healthier and greener, save money, take care of our homes and yards, and do it all ourselves! It would make a great gift for any

homeowner."—Brigitte Mars, [www.brigittemars.com](http://www.brigittemars.com), co-author of The Country

Almanac of Home Remedies Our forefathers and mothers knew how to keep their homes clean and homey—and live richer while spending less. Many of today's products are expensive, bad for the environment, and don't work any better than Grandma's methods, which only cost pennies. The editors at Back Home Magazine have collected hundreds of formulas for effective cleaning, gardening, and home maintenance—as well as ways our ancestors saved on heating bills, prevented costly repairs, and maintained a cozy, charming home with little besides ingenuity. Drawing on the advice and techniques of contributors across the country, this indispensable guide shows you the best ways to take care of everything in your home from wood floors, to tile, to stainless steel appliances--and how to get the longest life out of every household item from pots and pans to pillowcases. The Country Almanac of Housekeeping Techniques That Save You Money is chock-full of solutions, recipes, and how-to projects for living a simpler, cleaner life and keeping your home beautiful.

Coming Home? Lynellyn D. Long 2017-06-16 Few things weigh on the human spirit more heavily than a sense of place; the lands we live in and return to have a profound ability to shape our notions of home and homeland, not to mention our own identities. The pull of the familiar and the desire to begin anew are conflicting impulses for the nearly 180 million people who live outside their countries of origin, often with the expectation of returning home. Of 30 million people who immigrated to the United States alone between 1900 and 1980, 10 million are believed to have returned to their homelands. While migration flows occur in both directions, surprisingly few studies of transnationalism, global migration, or diaspora address return experiences. Undertaking a comparative analysis of how coming home affects individuals and their communities in a myriad cultural and geographic settings, the contributors to this volume seek to understand the unique return migration experiences of refugees, migrants, and various others as they confront the social pressures and a sense of displacement that accompany their journeys. The returns depicted in *Coming Home?* range from temporary visits to permanent repatriation, from voluntary to coerced movements, and from those occurring after a few years of exile to those after several decades away. The geographic sites include the Balkans, Barbados, China, Eritrea, Ethiopia, Germany, Nicaragua, the Philippines, Rwanda, and Vietnam. Several studies portray the experiences of returning refugees who earlier fled war and violence, while others focus on economic or labor migrants. As the essays show, connections between permanent returnees and home communities are contentious and complex. On the one hand, issues of land title, property rights, political orientation, and religious and cultural beliefs and practices create grounds for clashes between returnees and their home communities, but on

the other, returnees bring with them a unique ability to transform local practices and provide new resources.

Dream Sequence J.J. DiBenedetto 2015-01-20 Sara Barnes thought her life was perfectly ordinary – until the night she began stepping into other people's dreams. Follow Sara as she learns to cope with this extraordinary gift (or curse) in the first three books of the Dream Doctor Mysteries: **DREAM STUDENT** It's bad enough that, thanks to her supernatural talent, Sara is learning more than she ever needed to know about her friends and classmates, watching their most secret fantasies whether she wants to or not. Much worse are the other dreams, the ones she sees nearly every night, featuring a strange, terrifying man who commits unspeakable crimes. Now Sara wonders if she's the only witness to a serial killer – and the only one who knows when and where he's going to strike next. **DREAM DOCTOR** Medical school and life as a newlywed would be enough by themselves for anybody to handle. But Sara's got another problem – her dreams have started up again. Almost everyone at the medical school is dreaming about the death of the school's least popular teacher, Dr. Morris, and once again, Sara finds herself in the role of unwilling witness to a murder before it happens. But this time, there are too many suspects to count, and it doesn't help matters that she hates Dr. Morris every bit as much as any of his would-be murderers do.

**DREAM CHILD** Sara thought she had made peace with her dreaming talent, but she's got a surprise coming: her four-year-old daughter has inherited it, too. Unraveling a mystery with lives on the line is difficult enough under the best of circumstances. But when Sara has to view all the evidence through the eyes – and dreams - of a toddler, it may be an impossible task.

Dum Spiro Spero Sashko Voroniev 2020-11-08 He is the author of Dum Spiro Spero: Part 1 and 2, his first nonfiction historical memoir novel. Part 1 was inspired by his mother's story, which tells a real-life account of his family's life strife and success. It is very unique, a story that has not been documented. Part 2 is his story, which he feels would complement part 1. In conversations about events in his family's life and his own, many people said he should write a book to tell these stories. When he was laid off

At Home on a Horse in the Woods Janet Wolanin Alexander 2017-06-23 Although horses played no part in her family's lives, young Jan dreamed of owning a horse. As an adult, her attempts at horse ownership were repeatedly frustrated, until she claimed she just didn't care anymore. Then the words of a caring pastor opened her heart and renewed her dream. Now that Jan was really ready, her dream came true. These essays of inspiration, meditation, and dedication cover Jan's journey from child playing cowgirl to a woman **AT HOME ON A HORSE IN THE WOODS**.

Becoming Her Baby Boy (ABDL, Age Play, Cuckold, Diapers, Femdom, Humiliation, Spanking) Cindel Sabante When Ashley catches her husband Robert in the arms of another woman, their relationship takes a hit that may never heal. But it wasn't just about another woman. Robert had secrets. He wanted to be babied. He wanted someone to take control of him. And now that Ashley knows, that's exactly what she plans to do. She'll give her husband one choice, and one chance, to save their marriage. He can give into her, and become her baby boy just like he's always dreamed about, or he can act like a man and walk out the door. If he gives in, she'll force him into diapers, and make him crawl around behind her while he sucks on a pacifier. And if he doesn't, he'll lose Ashley forever. But whatever Rob chooses, his wife has more plans to punish and humiliate him. Ashley will turn the tables on her cheating husband and bring a stranger into their bed. She'll give Robert a dose of his own medicine, and let a real man take her, as long and as hard as he wants. Now Rob has to make a choice. Leave his wife and end his marriage, or put on his diaper and drop to his knees so he can start Becoming Her Baby Boy...

By Love Reclaimed Adrian Finkelstein 2012-07-09 In July 1932, MGM producer and notorious nice guy Paul Bern marries the love of his life, screen icon Jean Harlow. Two months later, he is found shot to death in their Benedict Canyon home, the victim of a Hollywood cover-up that eventually portrays him in the media as a sick, impotent wife-beater. Modern day intuitive Valerie Franich and renowned psychiatrist Adrian Finkelstein partner together in order to dispel Hollywood lore and share the true story of Harlow and Bern. Through the use of hypnotic regressions and extensive research, Franich and Finkelstein offer a glimpse into the life of the young ingnue as she makes her way in Hollywood, falls in love with the older Bern, and becomes the innocent prey of MGM boss Louis Mayer who fixes the evidence to make her beloved husband's death look like a suicide. As Harlow returns to reclaim her husband's good name and stellar reputation, she reminds everyone that love is indeed eternal. By Love Reclaimed shares an enlightening and heartwarming look at reincarnation and the Hollywood scene during the 1930s while shedding a new light on an old mystery. Tales from the Mom Front Rebecca Martorella 2006-03 Tales from the Mom Front offers an insightful and engaging look at the early years of parenthood from the perspective of a first-time mother. Author and family therapist

Rebecca Martorella chronicles her journey from pregnancy to preschool with a dose of realism and wit that reads like a conversation with a good friend. Unlike advice books that outline what to expect from parenthood, Martorella shares the unexpected moments that have parents everywhere wondering, "is it just me?" Stories include: Building Baby Furniture-The First Parenting Challenge Breasts, Bottles, How Do You Work These Things?! Family Vacation is an Oxymoron First Date with the Babysitter Eeek! Daddy's in Charge! and more. She reveals her mistakes and victories and encourages parents to trust their instincts, laugh at their blunders, and release themselves from the pressure to be a "perfect" parent. Tales from the Mom Front began as a newspaper column that earned praise from new and experienced parents and grandparents alike. Parents find a sympathetic voice in the author and are relieved to learn that they are not alone in their daily confusion and joy.

Your Baby, Your Way Jennifer Margulis 2013-04-16 Why, despite our state-of-the-art medical technology, does the United States have among the highest maternal and infant mortality rates in the industrialized world? Why do pregnant women who are planning to breastfeed receive "free" samples of infant formula from American obstetricians? Why are American newborns given a vaccine at birth against hepatitis B, a sexually transmitted disease? The Business of Baby, an eye-opening work of investigative journalism, exposes how our current cultural practices during pregnancy, childbirth, and the first year of a baby's life are not based on the best evidence or the most modern science, revealing how American moms and their babies are being undermined by corporate interests. An illuminating combination of meticulous research and in-depth interviews with parents, doctors, midwives, nurses, health care administrators, and scientists, Margulis's impassioned and eloquent critique is shocking, groundbreaking, and revelatory. The Business of Baby arms parents with the information they need to make informed decisions about their own health and the health of their infants.

An Epidemic of Absence Moises Velasquez-Manoff 2013-09-17 A controversial, revisionist approach to autoimmune and allergic disorders considers the perspective that the human immune system has been disabled by twentieth-century hygiene and medical practices.

Senso: The Japanese Remember the Pacific War Frank Gibney 2015-04-29 This acclaimed work is an extraordinary collection of letters written by a wide cross-section of Japanese citizens to one of Japan's leading newspapers, expressing their personal reminiscences and opinions of the Pacific war. "SENSO" provides the general reader and the specialist with moving, disturbing, startling insights on a subject deliberately swept under the rug, both by Japan's citizenry and its government. It is an invaluable index of Japanese

public opinion about the war.

Coffee with Rosie Rosalie Bent 2020-04-02 ?“Coffee with Rosie: why does my partner want to wear diapers?” is a new style of book designed for the partners of Adult Babies and Diaper Lovers. Written in conversational style, it is written specifically for the non-ABDL partner. However, ABDLs themselves could learn a great deal about why their partner reacts the way they do, by reading how one woman – Rosalie Bent – travelled the path from total opposition, to becoming a ‘parent’ of an AB. If you want to help improve the understanding of ABDL within your relationship, this is the perfect first step. It is short enough and simple enough to not intimidate someone who wants to understand.

BMom Crissy Shreve 2014-02 Rich and real, BMom is one woman's mosaic of love, life and loss, and of being found among the pieces. No one piece is a whole, yet all are precious, together a masterpiece, and each a gem. It's God restoring the shattered pieces of my life and my soul. His fingerprints are all over it. The reader will laugh and the reader will cry, and in that, we will become friends. BMom begins with my relinquishing my infant son into the hands of parents I couldn't know. It moves through the intervening years until he found me, on to our reunion, and beyond. Not only was I reunited with my son, I was reunited with myself. Interspersed are various interludes that speak of lessons learned, feelings finally understood and felt, and poetry written as part of my journey. BMom is entertaining and engaging, while occasionally making a point, to be taken or not, as the reader chooses. BMom is, above all else, a good read.

Coming of Age in the Holocaust Mary J. Gallant 2002 This study is based on in-depth interviews with 18 American and Canadian Holocaust survivors who were born in various European countries, including Luxembourg. Ten of the interviewees were children or adolescents under the age of 16 during the war; the others were aged 16-21. Some of them survived Nazi camps (Auschwitz, Mauthausen, Plaszow, etc.), one survived Theresienstadt, one fought with Soviet partisans in Lithuania, and some survived in hiding or in exile. Analyzes their accounts as narratives of surviving persecution and terror in the context of growing up. Proposes a "challenged identity model" as a socio-psychological model able to account for their survival. This model suggests, inter alia, that personal characteristics of the individual were a factor in the survival of trauma associated with persecution, captivity, and abuse. Surmises that the transcendence processes in which survivors engaged during their ordeals were an intrinsic part of their ability to successfully construct new lives afterward.

Consignment from Home Kirsty Roefs 2019-01-13 My purpose in writing this book is to enlighten anyone who yearns to open their own resale store. This book is not only for those new to consignment but also for the many seasoned professionals I've had the pleasure to meet. Our shops bear many similarities, no matter what the contents of our resale inventories may be. My hope is to offer encouragement to those of you who are feeling at odds with the consignment gods.

Re-Imaging Japanese Women Anne E. Imamura 1996-07-31 Re-Imaging Japanese Women takes a revealing look at women whose voices have only recently begun to be heard in Japanese society: politicians, practitioners of traditional arts, writers, radicals, wives, mothers, bar hostesses, department store and blue-collar workers. This unique collection of essays gives a broad, interdisciplinary view of contemporary Japanese women while challenging readers to see the development of Japanese women's lives against the backdrop of domestic and global change. These essays provide a "second generation" analysis of roles, issues and social change. The collection brings up to date the work begun in Gail Lee Bernstein's Recreating Japanese

Women, 1600-1945 (California, 1991), exploring disparities between the current range of images of Japanese women and the reality behind the choices women make.

Of War and Men Ralph LaRossa 2011-06-01 Fathers in the fifties tend to be portrayed as wise and genial pipe-smokers or distant, emotionless patriarchs. This common but limited stereotype obscures the remarkable diversity of their experiences and those of their children. To uncover the real story of fatherhood during this transformative era, Ralph LaRossa takes the long view—from the attack on Pearl Harbor up to the election of John F. Kennedy—revealing the myriad ways that World War II and its aftermath shaped men. Offering compelling accounts of people both ordinary and extraordinary, Of War and Men digs deep into the terrain of fatherhood. LaRossa explores the nature and aftereffects of combat, the culture of fear during the Cold War, the ways that fear altered the lives of racial and sexual minorities, and how the civil rights movement affected families both black and white. Overturning some calcified myths, LaRossa also analyzes the impact of suburbanization on fathers and their kids, discovering that living in the suburbs often strengthened their bond. And finally, looking beyond the idealized dad enshrined in TV sitcoms, Of War and Men explores the brutal side of family life in the postwar years. LaRossa's richly researched book dismantles stereotypes while offering up a fascinating and incisive chronicle of fatherhood in all its complexity.
