The Quiet Light Louis de Wohl 2016-01-28 The famous novelist de Wohl presents a stimulating historical novel about the great St. Thomas Aquinas, set against the violent background of the Italy of the Crusades. He tells the intriguing story of St. Thomas who defied his illustrious, prominent family's ambition for him to have great power in the Church by taking a vow of poverty and joining the Dominicans. The battles and Crusades of the 13th century and the ruthlessness of the excommunicated Emperor Frederick II play a big part of the story, but it is Thomas of Aquino who dominates this book. De Wohl succeeds notably in portraying the exceptional quality of this man, a fusion of mighty intellect and childlike simplicity. A pupil of St. Albert the Great, the humble Thomas, through an intense life of study, writing, prayer, preaching and contemplation, ironically rose to become the influential figure of his age, and later was proclaimed by the Church as the Angelic Doctor.

Childhood Acute Lymphoblastic Leukemia Ajay Vora 2017-04-21 This book provides a comprehensive and up-to-date review of all aspects of childhood Acute Lymphoblastic Leukemia, from basic biology to supportive care. It offers new insights into the genetic pre-disposition to the condition and discusses how response to early therapy and its basic biology are utilized to develop new prognostic stratification systems and target therapy. Readers will learn about current treatment and outcomes, such as immunotherapy and targeted therapy approaches. Supportive care and management of the condition in resource poor countries are also discussed in detail. This is an indispensable guide for research and laboratory scientists, pediatric hematologists as well as specialist nurses involved in the care of childhood leukemia.

The Oxford Handbook of Compassion Science Emma Seppala 2017 How do we define compassion? Is it an emotional state, a motivation, a dispositional trait, or a cultivated attitude? How does it compare to altruism and empathy? Chapters in this Handbook present critical scientific evidence about compassion in numerous conceptions. All of these approaches to thinking about compassion are valid and contribute importantly to understanding how we respond to others who are suffering. Covering multiple levels of our lives and self-concept, from the individual, to the group, to the organization and culture, The Oxford Handbook of Compassion Science gathers evidence and models of compassion that treat the subject of compassion science with careful scientific scrutiny and concern. It explores the motivators of compassion, the effect on physiology, the co-occurrence of wellbeing, and compassion training interventions. Sectioned by thematic approaches, it pulls together basic and clinical research ranging across neurobiological, developmental, evolutionary, social, clinical, and applied areas in psychology such as business and education. In this sense, it comprises one of the first multidisciplinary and systematic approaches to examining compassion from multiple perspectives and frames of reference. With contributions from well-established scholars as well as young rising stars in the field, this Handbook bridges a wide variety of diverse perspectives, research methodologies, and theory, and provides a foundation for this new and rapidly growing field. It should be of great value to the new generation of basic and applied researchers examining compassion, and serve as a catalyst for academic researchers and students to support and develop the modern world.

Into the Magic Shop James Doty 2016-02-11 The award-winning New York Times bestseller that inspired BTS's K-pop song 'Magic Shop'. The day that 12-year-old

James Doty walked in to his local magic shop is the day that changed his life. Once the neglected son of an alcoholic father and a mother with chronic depression, he has gone on to become a leading neurosurgeon, based at Stanford University. He credits Ruth for this incredible turnaround: the remarkable woman he met at the Cactus Rabbit Magic Shop, who devoted the summer to transforming his mind and opening his heart. In this uplifting memoir, Jim explains the visualisation techniques Ruth taught him that gave him the self-esteem to imagine a new future for himself. He examines the science behind mindfulness and why the skills he learned - of focus and attention - now help him to think fast and keep calm in the operating theatre. And he shows us what is possible when you start to change your brain and your heart. Into the Magic Shop imparts some powerful life lessons about how to live better, and inspires us to believe that we all have inside us the capacity to change our own destiny. 'I'm sure many readers will be moved by this inspiring story to open their hearts and see what they too can do for others' - His Holiness the Dalai Lama

Mindfulness for Challenging Times Teach Mindfulness Community 2020-05-25 We're certainly living in challenging times. What's the best way to cope? Testimonials "I believe this volume will not only remind those experienced in mindfulness of its many benefits, but also will serve as a roadmap to many who may not yet have any experience or understand the value of mindfulness. And remember, these techniques have been with us for thousands of years. The reason? They work! I hope you enjoy this volume as much as I have." James R. Doty, MD Founder and Director, The Stanford Center for Compassion (CCARE) The New York Times bestselling author of Into the Magic Shop "This book is a wonderful gift to the world - a collaboration of voices to offer presence, compassion and hope, all for a good cause. I highly recommend!" Shauna Shapiro PhD, author of Good Morning, I Love You Professor, Santa Clara University "Mindfulness seems so simple to do and yet so hard to describe. Shamash does it brilliantly." Ruby Wax, comedian, mental health campaigner and bestselling author "Shamash gives you the tools you need to guide you through challenging times and come out the other side stronger than you were before. It has his signature style of warmth, genuine care and crystal-clear practical tools. You couldn't find a better friend to guide you through troubled times." Melli O'Brien, mindfulness teacher, speaker, writer and co-founder of Mindfulness.com Lola and Me Chiara Valentina Segre 2015-06 When I first met Lola I was living in the countryside with my parents and brothers and sisters. Lola was lonely and ill then, but it was love at first sight, and I knew that I wanted to take care of her. A beautifully told, heart-warming story about friendship and survival, with a very surprising and satisfying ending.

Ecstatic Confessions Martin Buber 1996-11-01 Ecstatic Confessions orchestrates these reports from the edge of human experience into a revealing look at the nature of the ecstatic experience itself and the tension arising from the mystic's compelling need to give witness to an event that can never truly be verbalized.

Elements of Ecology Thomas M. Smith 2012-02-27 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Known for its evolution theme and strong coverage of the relevance of ecology to everyday life and the human impact on ecosystems, the thoroughly revised Eighth Edition features expanded quantitative exercises, a restructured chapter on life history, a thoroughly revised species

interactions unit including a chapter introducing the subject, and a new chapter on species interactions. To emphasize the dynamic and experimental nature of ecology, each chapter draws upon current research in the various fields of ecology while providing accessible examples that help you understand species natural history, specific ecosystems, the process of science, and ecological patterns at both an evolutionary and demographic scale. To engage you in using and interpreting data, a wide variety of Quantifying Ecology boxes walk through step-by-step examples of equations and statistical techniques.

The Graves are Walking John Kelly 2012-11-29 The Irish famine that began in 1845 was one of the nineteenth century's greatest disasters. By its end, the island's population of eight million had shrunk by a third through starvation, disease and emigration. This is a brilliant, compassionate retelling of that awful story for a new generation - the first account for the general reader for many years and a triumphant example of narrative non-fiction at its best. The immediate cause of the famine was a bacterial infection of the potato crop on which too many the Irish poor depended. What turned a natural disaster into a human disaster was the determination of senior British officials to use relief policy as an instrument of nation-building in their oldest and most recalcitrant colony. Well-meaning civil servants were eager to modernise Irish agriculture and to improve the Irish moral character, which was utterly lacking in the virtues of the new age of triumphant capitalism. The result was a relief programme more concerned with fostering change than of saving lives. This is history that resonates powerfully with our own times.

Surgical Disorders of the Sacrum James Robert Doty 1994

La bottega di magia James R. Doty 2016-02-11 Con un padre alcolizzato e una madre invalida, Doty ha vissuto la propria infanzia sulla strada. A dodici anni, nel retro di una piccola bottega di magia, un'anziana e misteriosa signora gli svela il segreto della felicità, salvandogli la vita. Gli insegna una serie di esercizi miracolosi, che hanno il potere di alleviare il dolore e rivelare le sue aspirazioni più profonde. In cambio, gli chiede solo di trasmettere le sue tecniche a chi ne ha bisogno: "Aprire il proprio cuore può essere doloroso, ma è l'unico dono che possiamo farci l'un l'altro". Doty dedicherà gran parte delle sue ricerche a cercare di capire cos'è successo in quel retrobottega, e a riflettere su come con la sola "intelligenza del cuore" possiamo trasformare le nostre vite. Grazie agli strumenti delle neuroscienze e alla sua storia personale di resilienza, esplora la forza dell'autocontrollo, della concentrazione e della visualizzazione, per insegnarci concretamente a sviluppare il potere magico che ognuno di noi ha dentro di sé.

The Museum of Broken Promises Elizabeth Buchan 2020 Paris, today: The Museum of Broken Promises is a place of hope and loss. Every object in the museum has been donated - a cake tin, a wedding veil, a baby's shoe. And each represents a moment of grief or terrible betrayal. Laure, the owner and curator, has also hidden artefacts from her own painful youth amongst the objects on display. 1985: Recovering from the sudden death of her father, Laure flees to Prague. But she cannot begin to comprehend the dark political currents in this communist city - until she meets a young dissident musician. Her love for him, however, will have terrible and unforeseen consequences. It is only years later, having created the museum, that Laure can finally face up to her past and celebrate the passionate love which has directed her life.

Six Walks in the Fictional Woods Umberto Eco 1998-07-21 In this exhilarating book, we accompany Umberto Eco as he explores the intricacies of fictional form and method. Using examples ranging from fairy tales and Flaubert, Poe and Mickey Spillane, Eco draws us in by means of a novelist's techniques, making us his collaborators in the creation of his text and in the investigation of some of fiction's most basic mechanisms.

Assassination Generation Lieutenant Colonel Dave Grossman 2016-11-15 The author of the 400,000-copy bestseller *On Killing* reveals how violent video games have ushered in a new era of mass homicide--and what we must do about it. Paducah, Kentucky, 1997: a 14-year-old boy shoots eight students in a prayer circle at his school. Littleton, Colorado, 1999: two high school seniors kill a teacher, twelve other students, and then themselves. Utoya, Norway, 2011: a political extremist shoots and kills sixty-nine participants in a youth summer camp. Newtown, Connecticut, 2012: a troubled 20-year-old man kills 20 children and six adults at the elementary school he once attended. What links these and other horrific acts of mass murder? A young person's obsession with video games that teach to kill. Lt. Col. Dave Grossman, who in his perennial bestseller *On Killing* revealed that most of us are not "natural born killers" -- and who has spent decades training soldiers, police, and others who keep us secure to overcome the intrinsic human resistance to harming others and to use firearms responsibly when necessary -- turns a laser focus on the threat posed to our society by violent video games. Drawing on crime statistics, cutting-edge social research, and scientific studies of the teenage brain, Col. Grossman shows how video games that depict antisocial, misanthropic, casually savage behavior can warp the mind -- with potentially deadly results. His book

will become the focus of a new national conversation about video games and the epidemic of mass murders that they have unleashed.

Joan Procter, *Dragon Doctor* Patricia Valdez 2018-03-13 For fans of *Ada Twist: Scientist* comes a fascinating picture book biography of a pioneering female scientist--who loved reptiles! Back in the days of long skirts and afternoon teas, young Joan Procter entertained the most unusual party guests: slithery and scaly ones, who turned over teacups and crawled past the crumpets.... While other girls played with dolls, Joan preferred the company of reptiles. She carried her favorite lizard with her everywhere--she even brought a crocodile to school! When Joan grew older, she became the Curator of Reptiles at the British Museum. She went on to design the Reptile House at the London Zoo, including a home for the rumored-to-be-vicious komodo dragons. There, just like when she was a little girl, Joan hosted children's tea parties--with her komodo dragon as the guest of honor. With a lively text and vibrant illustrations, scientist and writer Patricia Valdez and illustrator Felicita Sala bring to life Joan Procter's inspiring story of passion and determination. Resilient Rick Hanson, PhD 2018-03-27 These days it's hard to count on the world outside. So it's vital to grow strengths inside like grit, gratitude, and compassion—the key to resilience, and to lasting well-being in a changing world. True resilience is much more than enduring terrible conditions. We need resilience every day to raise a family, work at a job, cope with stress, deal with health problems, navigate issues with others, heal from old pain, and simply keep on going. With his trademark blend of neuroscience, mindfulness, and positive psychology, New York Times bestselling author Dr. Rick Hanson shows you how to develop twelve vital inner strengths hardwired into your own nervous system. Then no matter what life throws at you, you'll be able to feel less stressed, pursue opportunities with confidence, and stay calm and centered in the face of adversity. This practical guide is full of concrete suggestions, experiential practices, personal examples, and insights into the brain. It includes effective ways to interact with others and to repair and deepen important relationships. Warm, encouraging, and down-to-earth, Dr. Hanson's step-by-step approach is grounded in the science of positive neuroplasticity. He explains how to overcome the brain's negativity bias, release painful thoughts and feelings, and replace them with self-compassion, self-worth, joy, and inner peace.

Glamour in a Golden Age Adrienne L. McLean 2011 Shirley Temple, Clark Gable, Errol Flynn and Olivia de Havilland, Fred Astaire and Ginger Rogers, Bette Davis, Joan Crawford and Norma Shearer, Marlene Dietrich and Greta Garbo, William Powell and Myrna Loy, Jean Harlow, and Gary Cooper-Glamour in a Golden Age presents original essays from eminent film scholars that analyze movie stars of the 1930s against the background of contemporary American cultural history. Stardom is approached as an effect of, and influence on, the particular historical and industrial contexts that enabled these actors and actresses to be discovered, featured in films, publicized, and to become recognized and admired-sometimes even notorious-parts of the cultural landscape. Using archival and popular material, including fan and mass market magazines, other promotional and publicity material, and of course films themselves, contributors also discuss other artists who were incredibly popular at the time, among them Ann Harding, Ruth Chatterton, Nancy Carroll, Kay Francis, and Constance Bennett.

Love Letters from Montmartre Nicolas Barreau 2020-05-12 For fans of Nina George, Elena Ferrante, and Valentina Cebeni, a charming, uplifting novel about a man who sets out to fulfil his dead wife's last wish. Julien Azouly, the famous French writer of beautiful romance novels, has stopped believing in love. When his beloved

wife, H el ene, dies at the age of thirty-three, leaving him alone to raise their young son, Arthur, he is so devastated that he loses faith in the happier side of life—and along with that his ability to write. But H el ene was clever. Before her death, she made her husband promise to write her thirty-three letters, one for each year of her life. Six months after the funeral, Julien finds himself standing in the most famous cemetery in Paris, the painful first letter in his hand. Little does he know that something strange—and wonderful—is about to happen. An ode to love, Paris, and joie de vivre, *Love Letters from Montmartre* brings the reader down narrow streets, past the cozy red bistro on Rue Gabrielle, and all the way to Montmartre cemetery with its beautiful stone angels, where we will discover the truth we all hope to find: that love is real, that miracles can happen and that—most of all—it's never too late to rediscover your dreams. Empathetic and wise, this is the deeply profound yet very human story of a man who finds love just when he thinks all is lost.

Facing the Gods James Hillman 1980 "The Gods have become diseases," said C.G. Jung, & these nine chapters show how major figures of the Greek mythological imagination are still at work in the contemporary psyche. This book is both reliably scholarly & intuitively psychological. It offers the reader ways of finding mythical backgrounds for personal experiences. Here we can feel how the Gods & Goddesses influence symptoms, ideas, attitudes, relationships, & dream imagery. Includes chapters by: Karl Kerényi on Artemis in girlhood, Rene Malamud on Amazons & creative passion, Murray Stein on Hephaistos & the art of introversion, David L. Miller on Rhea the Grandmother, Barbara Kirksey on Hestia & the power of the hearth, William Doty on Hermes in all his guises, Chris Downing on Ariadne, wife to Dionysos, James Hillman on Athene & Necessity & on Dionysos in Nietzsche & Jung.

Inevitable Illusions Massimo Piattelli-Palmarini 1996-11-18 "Fascinating and insightful. . . . I cannot recall a book that has made me think more about the nature of thinking." -- Richard C. Lewontin Harvard University Everyone knows that optical illusions trick us because of the way we see. Now scientists have discovered that cognitive illusions, a set of biases deeply embedded in the human mind, can actually distort the way we think. In *Inevitable Illusions*, distinguished cognitive researcher Massimo Piattelli-Palmarini takes us on a provocative, challenging, and thoroughly entertaining exploration of the games our minds play. He opens the doors onto the newly charted realm of the cognitive unconscious to reveal the full range of illusions, showing how they inhibit our ability to reason--no matter what our educational background or IQ. *Inevitable Illusions* is stimulating, eye-opening food for thought.

Story Robert McKee 2010-09-28 Robert McKee's screenwriting workshops have earned him an international reputation for inspiring novices, refining works in progress and putting major screenwriting careers back on track. Quincy Jones, Diane Keaton, Gloria Steinem, Julia Roberts, John Cleese and David Bowie are just a few of his celebrity alumni. Writers, producers, development executives and agents all flock to his lecture series, praising it as a mesmerizing and intense learning experience. In Story, McKee expands on the concepts he teaches in his \$450 seminars (considered a must by industry insiders), providing readers with the most comprehensive, integrated explanation of the craft of writing for the screen. No one better understands how all the elements of a screenplay fit together, and no one is better qualified to explain the "magic" of story construction and the relationship between structure and character than Robert McKee.

The Key to Nicholas Street Stanley Ellin 2014-07-08 A grisly murder reveals the hateful secrets that lie beneath a small town's surface The locals call her the Ballou. An illustrator for a high-fashion magazine, she has been the talk of the upstate town of Sutton ever since she first appeared, paying cash for one of the finest houses on Nicholas Street. Daring, gaudy, and grand, she inspires envy in the women and lust in the men. And in one member of this quiet town, she is about to inspire murder. The trouble starts when her rakish New York lover moves in full time, scandalizing the prudish Ayers family next door. When the Ayers' maid pays a social call to the Ballou, she finds her lying dead at the foot of a staircase—gray, cold, and fabulous no more. Suspicion falls on the Ayerses, whose starched exterior hides a wealth of ugly secrets. From this interlocking narrative told from the perspectives of the citizens of Sutton comes a reminder that no town is too small for murder.

Oscar the Guardian Cat Chiara Valentina Segre 2018-04-03 Inspired by the true story of Oscar, a special cat who watches over the residents of Steere House Nursing and Rehabilitation Center in Providence, Rhode Island. Oscar the Guardian Cat lives at Hope House along with Nurse Dolores, Dr. Goodhelp, and the grandparents of many children who come to visit. The story is told from Oscar's perspective as he watches over his friends during their most important journey. This is a unique and touching picture book that can be used to help talk to children about their grandparents' final journey, not as something tragic, but as a moment of reconciliation and understanding. Chiara Valentina Segré has a PhD in molecular oncology and works in science communications. She has published several picture books and novels for children. She lives in Milan, Italy. Paolo Domeniconi studied art and worked for several years in advertising before focusing on children's book illustration. He lives in Spilamberto, Italy.
