Study Guide for Ricci and Kyle's Maternity and Pediatric Nursing 2009

Study Guide to Accompany Maternity and Pediatric Nursing Susan Scott Ricci 2008 Designed to accompany Maternity and Pediatric Nursing, this handy study aid offers learning objectives, exercises, and practice questions to help students retain and apply information and succeed in the classroom. The study guide includes over 150 review questions organized by Assessing Your Understanding, Applying Your Knowledge, and Practicing for NCLEX®. Assessing Your Understanding presents matching, true/false, and fill-in-the-blank questions to test comprehension of key concepts. Applying Your Knowledge consists of case studies and exercises to enhance critical thinking skills. Practicing for NCLEX® helps students prepare for the exam with a variety of review questions.

Introduction to Maternity & Pediatric Nursing Gloria Leifer 2010-09 Part of the popular LPN Threads series, Introduction to Maternity & Pediatric Nursing provides a solid foundation in obstetrics and pediatric nursing. An easy-to-follow organization by developmental stages, discussion of disorders by body system from simple-to-complex and health-to-illness, and a focus on family health make it a complete guide to caring for maternity and pediatric patients. Written in a clear, concise style by Gloria Leifer, MA, RN, this edition reflects the current NCLEX® test plan with additional material on safety, health promotion, nutrition, and related psychosocial care. Cultural Considerations boxes and a Cultural Assessment Data Collection Tool help in developing individualized plans of care. Updated health promotion content includes Health Promotion boxes focusing on preventive strategies for achieving prenatal wellness, health during pregnancy, postnatal health, and pediatric illness prevention and wellness -- including the complete immunization schedules for all ages. Nursing Tips provide information applying to the clinical setting. Objectives are listed in each chapter opener. Key terms include phonetic pronunciations and text page references at the beginning of each chapter. Nursing Care Plans with critical thinking questions help you understand how a care plan is developed, how to evaluate care of a patient, and how to apply critical thinking skills. A companion Evolve website includes animations, videos, answers to review questions and answer guidelines for critical thinking questions, an English/Spanish audio glossary, critical thinking case studies, and additional review questions for the NCLEX examination. Get Ready for the NCLEX® Examination! sections at the end of each chapter help you prepare for classroom tests and the NCLEX examination. Increased focus on safety helps you prepare for safe nursing practice, with: Safety Alert! boxes based on The Joint Commission's 2009/2010 National Patient Safety Goals Medication Safety Alert! boxes highlighting serious and potentially fatal medication errors in infants and children New information on determining pediatric dosages and a discussion of the Pedislide system New skills include step-by-step instructions for: Bathing the Newborn Assessing the Length and Height of Infants and Children Calculating BMI Removal of a Peripheral Intravenous Catheter Using the Peak Flowmeter Using a Metered-Dose Inhaler Updated, vibrant full-color design highlights key information and enhances your understanding of important concepts. Updated nutrition content compares commercially available infant formulas and discusses organic, natural, and dietetic foods. Nutrition Considerations boxes cover prenatal care, nutritional issues during infancy, and the crisis in childhood obesity. Memory Jogger boxes help you remember important material with mnemonics, tips, and tricks. An updated

glossary is available in the textbook, as well as on the companion Evolve website.

Canadian Maternity and Pediatric Nursing Jessica Webster 2019-08-14 Canadian Maternity and Pediatric Nursing prepares your students for safe and effective maternity and pediatric nursing practice. The content provides the student with essential information to care for women and their families, to assist them to make the right choices safely, intelligently, and with confidence.
