Menstruation Now What Does Blood Perform? Berkeley Kaite 2019-04-01 Each of the eight chapters in this volume addresses menstruation and/or menstrual blood in various media sites with a view to answering the question, what does blood perform? Menstrual blood may be enduringly feminine but it is never just one thing. Menstruation Now contains chapters on: the shifting "conversation" of menstruation in contemporary advertising; menstrual blood and the "female complaint" in Alice Munro's short story, "Chance"; the signification of menstrual blood in legal discourse; blood as a para-text in pornographic films; the placement of Jacqueline Kennedy Onassis's phantasized menstrual blood in biographies of her; contemporary menstrual art; menstrual blood as liminal space in Ingmar Bergman's film

Cries and Whispers; and, unruly blood in the TV show Orange is the New Black. Blood is performative: disruptive, noisy, aesthetically fluid, difficult to discipline. It can thus, now as always, be performed again in the service of new meanings and experiences.

Now What? Anna Marie Holiday 2017-02-08 I was inspired to write this book because I realized that I was not alone. Unfortunately, at the time I was going through this difficult time, that's not the way I felt. Timing was not on my side. I was hit from every side--divorce, single parenting, newborn, job loss, my mother's death, bankruptcy, mental meltdown, etc. So after all this, I was numb to life and felt that life had dealt me an unfair hand. I felt I was a good person. I went to church, I fed the poor, I helped with orphan children, I was a faithful wife and a pretty good mom, etc. Yet my life fell down like a wall hit by a bomb. I hope this book helps you to understand that you have it in you to make it. So let's begin you, survivor. You might not feel like one, but if you are reading this book, this is your new journey. I will see you at the finish line.

A word of mouth phenomenon since its first publication, The Power of Now is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.
