Honorable Warrior Lewis Sorley 1998 A man of extraordinary inner strength and patriotic devotion, General Harold K. Johnson was a soldier's officer, loved by his men and admired by his peers for his leadership, courage, and moral convictions. Lewis Sorley's biography provides a fitting testament to this remarkable man and his dramatic rise from obscurity to become LBJ's Army Chief of Staff during the Vietnam War. A native of North Dakota, Johnson survived more than three grueling years as a POW under the Japanese during World War II before serving brilliantly as a field commander in the Korean War, for which he was awarded the Distinguished Service Cross for "extraordinary heroism." The latter experiences led to a series of high-level positions that culminated in his appointment as Army chief in 1964 and a cover story in Time magazine. What followed should have been the most rewarding period of Johnson's military career. Instead, it proved to be a nightmare, as he quickly became mired in the politics and ordeal of a very misguided war. Johnson fundamentally disagreed with the three men—LBJ, Secretary of Defense Robert McNamara, and General William Westmoreland—running our war in Vietnam. He was sharply critical of LBJ's piecemeal policy of gradual escalation and his failure to mobilize the national will or call up the reserves. He was equally despondent over Westmoreland's now infamous search-and-destroy tactics and reliance on body counts to measure success in Vietnam. By contrast, he advocated greater emphasis on cutting the North's supply lines, helping the South Vietnamese provide for their own internal defenses, and sustaining a truly legitimate government in the South. Unheeded, he nevertheless continued to work behind the scenes to correct the nation's flawed approach to the war. Sorley's study adds immeasurably to our understanding of the Vietnam War. It also provides an inspiring account of principled leadership at a time when the American military is seeking to recover the very kinds of moral values exemplified by Harold K. Johnson. As such, it presents a profound morality tale for our own era.

From the Playground to the Stars Willie G. Demings 2013-06-20 I created this work after reflecting on past and present people Who inspired me in their accomplishments and dedication to Their works and to society, most of all, I see the treasures of God Manifested in our everyday lives, overwhelming us with blessings And gifts he ordained before the foundation of the world. Unfortunately The graveyard is filled with buried treasures of which the enemy stole. What- ever gifts God blessed us with, even if they take us to the stars Remember, he is the source and is worthy to be praised. For all good Things come from above, therefore they all started with love. The gift He gave to the world was gifted wrapped in flesh and sent with the name Of Jesus Christ, the only true bridge between God and man. So when our Roads meet him at the cross, we cant help but to acknowledge he paid Our cost. Otherwise, all we work for is in vain, for without him were Totally lost. whether its sports, medicine, education or some other area Of life he blesses us with fruits for us to bless one another. remember The blood In our veins and the air in our lungs, is a blessing from God And the Cross Jesus hung.. --- Willie G. Demings

The View from the Dugout William M Anderson 2009-06-26 "Somewhere, if they haven't been destroyed, there are hundreds of pages of typewritten notes about American League players of that era, notes which I would love to get my hands on." -Bill James, in The New Bill James Historical Baseball Abstract, on the journals of Red Rolfe "Red Rolfe's journal for his years as manager of the Detroit Tigers is the kind of precious source researchers yearn for. In combination with William M. Anderson's well-done text, The View from the Dugout will be of great interest to general readers and of immense value to students of baseball history." -Charles C. Alexander, author of Breaking the Slump: Baseball in the Depression Era "Red Rolfe was one of baseball's most astute observers. This is 'inside' baseball from the inside." -Donald Honig, author of Baseball America, Baseball When the Grass Was Real, and other books in the Donald Honig Best Players of All Time series "In his lucid journals Red Rolfe has provided an inside look at how an intelligent baseball manager thinks and prepares." -Ray Robinson, Yankee historian and author of Iron Horse: Lou Gehrig in His Time Baseball players as a rule aren't known for documenting their experiences on the diamond. Red Rolfe, however, during his time as manager of the Detroit Tigers from 1949 to 1952, recorded daily accounts of each game, including candid observations about his team's performance. He used these observations to coach his players and to gain an advantage by recording strengths, weaknesses, and tendencies of opposing players and managers. Rolfe's journals carry added value considering his own career as an All-Star Yankee third baseman on numerous world champion teams, where he was a teammate of Lou Gehrig and Joe DiMaggio. Today, in the era of televised broadcasts, networks often wire a manager so that viewers can listen to his spontaneous comments throughout the game. Red Rolfe's journals offer an opportunity to find out what a manager is thinking when no one is around to hear. William M. Anderson is Director of the Department of History, Arts and Libraries for the State of Michigan. His books include The Detroit Tigers: A Pictorial Celebration of the Greatest Players and Moments in Tigers' History.

**The Best Show in Football** Andy Piascik 2010-10-16 For ten years the Cleveland Browns compiled a better record and won more championships than any team in pro football history. In their first game they set an all-time attendance record and consistently drew the largest crowds of the post-World War II era. They dominated an upstart league and then silenced their detractors by doing the same to the NFL. The Browns were led by Paul Brown, a football visionary who changed pro football. Most important among his innovations was the leading role the franchise played in the integration of pro sports. While much of their competition continued with the racial exclusion of the past, the Browns featured some of the greatest black players of all-time, men who were an integral part of the Cleveland dynasty. **The Best Show in Football: The 1946-1955 Cleveland Browns, Pro Football's Greatest Dynasty** tells the story of those players and that dynasty. Included in that story is the construction of the Browns as well as accounts of the team's many victories. Dozens of interviews bring to life the exploits of Otto Graham, Bill Willis, Marion Motley, Lou Groza, Mac Speedie, Len Ford, Dante Lavelli, Frank Gatski, and so many others. In rich detail, **The Best Show in Football** demonstrates why Cleveland's dynasty was the greatest ever, greater even than several teams that are usually accorded that honor. The conclusions may be surprising but the evidence is all here. And along the way author Andy Piascik provides a wonderful trip back to football's golden age.
