The Fire Next Time James Baldwin 2021-07-06 A stirring, intimate reflection on the nature of race and American nationhood that has inspired generations of writers and thinkers, first published in 1963, the same year as the March on Washington "The finest essay I've ever read."—Ta-Nehisi Coates, #1 New York Times bestselling author of the National Book Award winner *Between the World and Me* With clarity, conviction, and passion, James Baldwin delivers a dire warning of the effects of racism that remains urgent nearly sixty years after its original publication. In the first of two essays, "My Dungeon Shook: Letter to My Nephew on the One Hundredth Anniversary of the Emancipation," Baldwin offers kind and unflinching counsel on what it means to be Black in the United States and explains the twisted logic of American racism. In "Down at the Cross: Letter from a Region in My Mind," Baldwin recounts his spiritual journey into the church after a religious crisis at the age of fourteen, and then back out of it again, as well as his meeting with Elijah Muhammad, the leader of the Nation of Islam. Throughout, Baldwin urges us to confront the oppressive institutions of race, religion, and nationhood itself, and insists that shared resilience among both Black and white people is the only way forward. As much as it is a reckoning with America's racist past, *The Fire Next Time* is also a clarion call to care, courage, and love, and a candle to light the way.

Dark Days James Baldwin 2020-07-30 'So the club rose, the blood came down, and his bitterness and his anguish and his guilt were compounded.' The Beautiful Struggle Ta-Nehisi Coates 2009-01-06 An exceptional father-son story from the National Book Award-winning author of *Between the World and Me* about the reality that tests us, the myths that sustain us, and the love that saves us. Paul Coates was an enigmatic god to his sons: a Vietnam vet who rolled with the Black Panthers, an old-school disciplinarian and new-age believer in free love, an autodidact who launched a publishing company in his basement dedicated to telling the true history of African civilization. Most of all, he was a wily tactician whose mission was to carry his sons across the shoals of inner-city adolescence—and through the collapsing civilization of Baltimore in the Age of Crack—and into the safe arms of Howard University, where he worked so his children could attend for free. Among his brood of seven, his main challenges were Ta-Nehisi, spacey and sensitive and almost comically miscalibrated for his environment, and Big Bill, charismatic and all-too-ready for the challenges of the streets. *The Beautiful Struggle* follows their divergent paths through this turbulent period, and their father's steadfast efforts—assisted by mothers, teachers, and a body of myths, histories, and rituals conjured from the past to meet the needs of a troubled present—to keep them whole in a world that seemed bent on their destruction. With a remarkable ability to reimagine both the lost world of his father's generation and the terrors and wonders of his own youth, Coates offers readers a small and beautiful epic about boys trying to become men in black America and beyond. Praise for *The Beautiful Struggle* "I grew up in a Maryland that lay years, miles and worlds away from the one whose summers and sorrows Ta-Nehisi Coates evokes in this memoir with such tenderness and science; and the greatest proof of the power of this work is the way that, reading it, I felt that time, distance and barriers of race and class meant nothing. That in telling his story he was telling my own story, for me."—Michael Chabon, bestselling author of *The Yiddish Policemen's Union* and *The Amazing Adventures of Kavalier & Clay* "Ta-Nehisi Coates is the young James Joyce of the hip hop generation."—Walter Mosley

All Those Strangers Douglas Field 2015 Adored by many, appalling to some, baffling still to others, few authors defy any single critical narrative to the confounding extent that James Baldwin manages. Was he a black or queer writer? Was he a religious or secular writer? Was he a spokesman for the civil rights movement or a champion of the individual? His critics, as disparate as his readership, endlessly wrestle with paradoxes, not just in his work but also in the life of a man who described himself as "all those strangers called Jimmy Baldwin" and who declared that "all theories are suspect." Viewing Baldwin through a cultural-historical lens alongside a more traditional literary critical approach, *All Those Strangers* examines how his fiction and nonfiction shaped and responded to key political and cultural developments in the United States from the 1940s to the 1980s. Showing how external forces molded Baldwin's personal, political, and psychological development, Douglas Field breaks through the established critical difficulties caused by Baldwin's geographical, ideological, and artistic multiplicity by analyzing his life and work against the radically transformative politics of his time. The book explores under-researched areas in Baldwin's life and work, including his relationship to the Left, his FBI files, and the significance of Africa in his writing, while also contributing to wider discussions about postwar US culture. Field deftly navigates key twentieth-century themes—the Cold War, African American literary history, conflicts between spirituality and organized religion, and transnationalism—to bring a number of isolated subjects into dialogue with each other. By exploring the paradoxes in Baldwin's development as a writer, rather than trying to fix his life and work into a single framework, *All Those Strangers* contradicts the accepted critical paradigm that Baldwin's life and work are too ambiguous to make sense of. By

studying him as an individual and an artist in flux, Field reveals the manifold ways in which Baldwin's work develops and coheres.

Women Lovers, Or The Third Woman Natalie Clifford Barney 2016-06-15 This long-lost novel recounts a passionate triangle of love and loss among three of the most daring women of belle époque Paris. In this barely disguised roman à clef, the legendary American heiress, writer, and arts patron Natalie Clifford Barney, the dashing Italian baroness Mimi Franchetti, and the beautiful French courtesan Liane de Pougy share erotic liaisons that break all taboos and end in devastation as one unexpectedly becomes the "third woman." Never before published in English, and only recently published in French, this modernist, experimental work has been brought to light by Chelsea Ray's research and translation.

Jimmy's Blues and Other Poems James Baldwin 2014-04-01 All of the published poetry of James Baldwin, including six significant poems previously only available in a limited edition. During his lifetime (1924–1987), James Baldwin authored seven novels, as well as several plays and essay collections, which were published to wide-spread praise. These books, among them *Notes of a Native Son*, *The Fire Next Time*, *Giovanni's Room*, and *Go Tell It on the Mountain*, brought him well-deserved acclaim as a public intellectual and admiration as a writer. However, Baldwin's earliest writing was in poetic form, and Baldwin considered himself a poet throughout his lifetime. Nonetheless, his single book of poetry, *Jimmy's Blues*, never achieved the popularity of his novels and nonfiction, and is the one and only book to fall out of print. This new collection presents James Baldwin the poet, including all nineteen poems from *Jimmy's Blues*, as well as all the poems from a limited-edition volume called *Gypsy*, of which only 325 copies were ever printed and which was in production at the time of his death. Known for his relentless honesty and startlingly prophetic insights on issues of race, gender, class, and poverty, Baldwin is just as enlightening and bold in his poetry as in his famous novels and essays. The poems range from the extended dramatic narratives of "Staggerlee wonders" and "Gypsy" to the lyrical beauty of "Some days," which has been set to music and interpreted by such acclaimed artists as Audra McDonald. Nikky Finney's introductory essay reveals the importance, relevance, and rich rewards of these little-known works. Baldwin's many devotees will find much to celebrate in these pages.

I've Been Meaning to Tell You David Chariandy 2019-03-14 'There is, as you pick it up, nothing to prepare you for its power' **OBSERVER** 'Quite simply, one of the most beautiful books I have ever read' **AMINATTA FORNA** How do we navigate our complex histories for our children? What is our duty to share and what must we leave for them to discover? Writing to his daughter, David Chariandy asks difficult, unsettling, perhaps impossible questions – questions made all the more poignant by our current political landscape. With tender, spare and luminous prose, Chariandy looks both into his heart and mind and out to the world and humanity. In the tradition of Ta-Nehisi Coates and Chimamanda Ngozi Adichie, this is a book about race; this is a book about family.

The Fire This Time Jesmyn Ward 2018-04-19 **THE NEW YORK TIMES BESTSELLER** Edited by two-time National Book Award winner and Women's Prize shortlisted-author Jesmyn Ward, a timely and groundbreaking collection of essays and poems about race in America. In this bestselling collection of essays and poems, Jesmyn Ward gathers a new generation of writers and thinkers to speak on race. Envisioned as a response to *The Fire Next Time*, James Baldwin's groundbreaking 1963 essay collection, *The Fire This Time* considers the black experience in modern America. Significant progress has been made in the fifty years since Baldwin's essays were published, but America is a long distance away from a post-racial society – a truth that must be confronted if the country is to continue to work towards change. Baldwin's 'fire next time' is now upon us, and it needs to be talked about. Sage, urgent and impassioned, this is an essential collection edited by one of America's greatest writers.

Inward Revolution Jiddu Krishnamurti 2006-03-21 J. Krishnamurti was one of the most influential and widely known spiritual teachers of the twentieth century. Here, he inquires with the reader into how remembering and dwelling on past events, both pleasurable and painful, give us a false sense of continuity, causing us to suffer. His instruction is to be attentive and clear in our perceptions and to meet the challenges of life directly in each new moment.

Encyclopedia of American Race Riots Walter C. Rucker 2007 Race riots are the most glaring and contemporary displays of the racial strife running through America's history. Mostly urban, mostly outside the South, and mostly white-instigated, the number and violence of race riots increased as blacks

migrated out of the rural South and into the North and West's industrialized cities during the early part of the twentieth-century. While most riots have occurred within the past century, the encyclopedia reaches back to colonial history, giving the encyclopedia an unprecedented historical depth. Though white on black violence has been the most common form of racial violence, riots involving other racial and ethnic groups, such as Asians and Hispanics, are also included and examined. Organized A-Z, topics include: notorious riots like the Tulsa Riots of 1921, the Los Angeles Riots of 1965 and 1992; the African-American community's preparedness and responses to this odious form of mass violence; federal responses to rioting; an examination of the underlying causes of rioting; the reactions of prominent figures such as H. Rap Brown and Martin Luther King, Jr to rioting; and much more. Many of the entries describe and analyze particular riots and violent racial incidents, including the following: Belleville, Illinois, Riot of 1903 Harlem, New York, Riot of 1943 Howard Beach Incident, 1986 Jackson State University Incident, 1970 Los Angeles, California, Riot of 1992 Memphis, Tennessee, Riot of 1866 Red Summer, Race Riots of 1919, Southwest Missouri Riots 1894-1906, Texas Southern University Riot of 1967. Entries covering the victims and opponents of race violence, include the following: Black Soldiers, Lynching of Black Women, Lynching of Diallo, Amadou Hawkins, Yusef King, Rodney Randolph, A. Philip Roosevelt, Eleanor Till, Emmett, Lynching of Turner, Mary, Lynching of Wells-Barnett, Ida B. Many entries also cover legislation that has addressed racial violence and inequality, as well as groups and organizations that have either fought or promoted racial violence, including the following: Anti-Lynching League Civil Rights Act of 1957, Economic Opportunity Act of 1964, Ku Klux Klan, National Association for the Advancement of Colored People (NAACP), Nation of Islam, Vigilante Organizations, White League. Other entries focus on relevant concepts, trends, themes, and publications. Besides almost 300 cross-referenced entries, most of which conclude with lists of additional readings, the encyclopedia also offers a timeline of racial violence in the United States, an extensive bibliography of print and electronic resources, a selection of important primary documents, numerous illustrations, and a detailed subject index.

Schapiro's Heroes 2007 An extraordinary collection of behind-the-scenes photographs of famous people including Muhammad Ali, Robert Kennedy, Andy Warhol, Martin Luther King Jr, Jackie O, Barbra Streisand and Truman Capote, from celebrated documentarian Steve Schapiro. A rare and intimate glimpse of a major period of American history, photographed during the golden age of photojournalism.

If Beale Street Could Talk James Baldwin 1994-09-29 We are in Harlem, the black soul of New York City, in the era of Aretha Franklin and Ray Charles. The narrator of Baldwin's novel is Tish nineteen, and pregnant. Her lover Fonny, father of her child, is in jail accused of rape. Flashbacks from their love affair are woven into the compelling struggle of two families to win justice for Fonny. To this love story James Baldwin brings a spare and impassioned intensity, charging it with universal resonance and power.

Playing the Changes Craig Hansen Werner 1994 A final sequence highlights the centrality of black music to African American writing, arguing that recognizing blues, gospel, and jazz as theoretically suggestive cultural practices rather than specific musical forms points to what is most distinctive in twentieth-century African American writing: its ability to subvert attempts to limit its engagement with psychological, historical, political, or aesthetic realities.

Native Sons James Baldwin 2009-03-12 James Baldwin was beginning to be recognized as the most brilliant black writer of his generation when his first book of essays, *Notes of a Native Son*, established his reputation in 1955. No one was more pleased by the book's reception than Baldwin's high school friend Sol Stein. A rising New York editor, novelist, and playwright, Stein had suggested that Baldwin do the book and coaxed his old friend through the long and sometimes agonizing process of putting the volume together and seeing it into print. Now, in this fascinating new book, Sol Stein documents the story of his intense creative partnership with Baldwin through newly uncovered letters, photos, inscriptions, and an illuminating memoir of the friendship that resulted in one of the classics of American literature. Included in this book are the two works they created together—the story "Dark Runner" and the play *Equal in Paris*, both published here for the first time. Though a world of difference separated them—Baldwin was black and gay, living in self-imposed exile in Europe; Stein was Jewish and married, with a growing family to support—the two men shared the same fundamental passion. Nothing mattered more to either of them than telling and writing the truth, which was not always welcome. As Stein wrote Baldwin in a long, heartfelt letter, "You are the only friend with whom I feel comfortable about all three: heart, head, and writing." In this extraordinary book, Stein unfolds how that shared passion played out in the months surrounding the creation and publication of Baldwin's *Notes of a Native Son*, in which Baldwin's main themes are illuminated. A literary event published to honor the eightieth anniversary of James Baldwin's

birth, *Native Sons* is a celebration of one of the most fruitful and influential friendships in American letters. Trained Capacities Brian Jackson 2014-01-07 The essays in this collection, written by sixteen scholars in rhetoric and communications studies, demonstrate American philosopher John Dewey's wide-ranging influence on rhetoric in an intellectual tradition that addresses the national culture's fundamental conflicts between self and society, freedom and responsibility, and individual advancement and the common good. Editors Brian Jackson and Gregory Clark propose that this influence is at work both in theoretical foundations, such as science, pragmatism, and religion, and in Dewey's debates with other public intellectuals such as Jane Addams, Walter Lippmann, James Baldwin, and W. E. B. Du Bois. Jackson and Clark seek to establish Dewey as an essential source for those engaged in teaching others how to compose timely, appropriate, useful, and eloquent responses to the diverse and often-contentious rhetorical situations that develop in a democratic culture. They contend that there is more at stake than instruction in traditional modes of public discourse because democratic culture encompasses a variety of situations, private or public, civic or professional, where people must cooperate in the work of advancing a common project. What prepares people to intervene constructively in such situations is instruction in those rhetorical practices of democratic interaction that is implicit throughout Dewey's work. Dewey's writing provides a rich framework on which a distinctly American tradition of a democratic rhetorical practice can be built—a tradition that combines the most useful concepts of classical rhetoric with those of modern progressive civic engagement. Jackson and Clark believe Dewey's practice takes rhetoric beyond the traditional emphasis on political democracy to provide connections to rich veins of American thought such as individualism, liberalism, progressive education, collectivism, pragmatism, and postindustrial science and communication. They frame Dewey's voluminous work as constituting a modern expression of continuing education for the "trained capacities" required to participate in democratic culture. For Dewey human potential is best realized in the free flow of artful communication among the individuals who together constitute society. The book concludes with an afterword by Gerard A. Hauser, College Professor of Distinction in the Department of Communication at the University of Colorado Boulder.

The Cambridge Companion to James Baldwin Michele Elam 2015-04-20 This Companion offers fresh insight into the art and politics of James Baldwin, one of the most important writers and provocative cultural critics of the twentieth century. Black, gay, and gifted, he was hailed as a "spokesman for the race," although he personally, and controversially, eschewed titles and classifications of all kinds. Individual essays examine his classic novels and nonfiction as well as his work across lesser-examined domains: poetry, music, theatre, sermon, photo-text, children's literature, public media, comedy, and artistic collaboration. In doing so, The Cambridge Companion to James Baldwin captures the power and influence of his work during the civil rights era as well as his relevance in the "post-race" transnational twenty-first century, when his prescient questioning of the boundaries of race, sex, love, leadership, and country assume new urgency.

James Baldwin in Context D. Quentin Miller 2019-08-01 James Baldwin in Context provides a wide-ranging collection of approaches to the work of an essential black American author who is just as relevant now as he was during his turbulent heyday in the mid-twentieth century. The perspectives range from those who knew Baldwin personally, to scholars who have dedicated decades to studying him, to a new generation of scholars for whom Baldwin is nearly a historical figure. This collection complements the ever-growing body of scholarship on Baldwin by combining traditional inroads into his work, such as music and expatriation, with new approaches, such as intersectionality and the Black Lives Matter movement.

One Day When I Was Lost James Baldwin 2013-09-17 A rare, lucidly composed screenplay from one of America's greatest writers, based on the bestselling classic *The Autobiography of Malcolm X*. The Times

Literary Supplement praises "the depth and sincerity of Baldwin's admiration for Malcolm X." Son of a Baptist minister; New York City hustler; honor student; convicted criminal; powerful minister in the Nation of Islam; father and husband: Malcolm X transformed himself, time and again, in order to become one of the most feared, loved, and undeniably charismatic leaders of twentieth-century America. No one better represents the tumultuous times of his generation, and there is no one better to capture him and his milieu than James Baldwin. With spare, elegant, yet forceful dialogue and fresh, precise camera directions, Baldwin breathes cinematic life into this controversial and important figure, offering a new look at a man who changed himself in order to change the country.

The Evidence of Things Not Said Lawrie Balfour 2018-08-06 The Evidence of Things Not Said employs the rich essays of James Baldwin to interrogate the politics of race in American democracy. Lawrie Balfour advances the political discussion of Baldwin's work, and regards him as a powerful political thinker whose work deserves full consideration. Baldwin's essays challenge appeals to race-blindness and formal but empty guarantees of equality and freedom. They undermine white presumptions of racial innocence and simultaneously refute theories of persecution that define African Americans solely as innocent victims. Unsettling fixed categories, Baldwin's essays construct a theory of race consciousness that captures the effects of racial identity in everyday experience. Balfour persuasively reads Baldwin's work alongside that of W. E. B. Du Bois to accentuate how double consciousness works differently on either side of the color line. She contends that the allusiveness and incompleteness of Baldwin's essays sustains the tension between general claims about American racial history and the singularity of individual experiences. The Evidence of Things Not Said establishes Baldwin's contributions to democratic theory and situates him as an indispensable voice in contemporary debates about racial injustice.

Hunger of Memory Richard Rodriguez 2004-02-03 Hunger of Memory is the story of Mexican-American Richard Rodriguez, who begins his schooling in Sacramento, California, knowing just 50 words of English, and concludes his university studies in the stately quiet of the reading room of the British Museum. Here is the poignant journey of a "minority student" who pays the cost of his social assimilation and academic success with a painful alienation — from his past, his parents, his culture — and so describes the high price of "making it" in middle-class America. Provocative in its positions on affirmative action and bilingual education, Hunger of Memory is a powerful political statement, a profound study of the importance of language ... and the moving, intimate portrait of a boy struggling to become a man.

The Price of the Ticket James Baldwin 2021-09-21 An essential compendium of James Baldwin's most powerful nonfiction work, calling on us "to end the racial nightmare, and achieve our country." James Baldwin: The Last Interview James Baldwin 2014-12-02 Never before available, the unexpurgated last interview with James Baldwin "I was not born to be what someone said I was. I was not born to be defined by someone else, but by myself, and myself only." When, in the fall of 1987, the poet Quincy Troupe traveled to the south of France to interview James Baldwin, Baldwin's brother David told him to ask Baldwin about everything—Baldwin was critically ill and David knew that this might be the writer's last chance to speak at length about his life and work. The result is one of the most eloquent and revelatory interviews of Baldwin's career, a conversation that ranges widely over such topics as his childhood in Harlem, his close friendship with Miles Davis, his relationship with writers like Toni Morrison and Richard Wright, his years in France, and his ever-incisive thoughts on the history of race relations and the African-American experience. Also collected here are significant interviews from other moments in Baldwin's life, including an in-depth interview conducted by Studs Terkel shortly after the publication of *Nobody Knows My Name*. These interviews showcase, above all, Baldwin's fearlessness and integrity as a writer, thinker, and individual, as well as the profound struggles he faced along the way.

They Can't Kill Us All Wesley Lowery 2017-01-26 'A devastating front-line account of the police killings and the young activism that sparked one of the most significant racial justice movements since the 1960s: Black Lives Matter ... Lowery more or less pulls the sheet off America ... essential reading' Junot Díaz, *The New York Times*, Books of 2016 'Electric ... so well reported, so plainly told and so evidently the work of a man who has not grown a callus on his heart' Dwight Garner, *The New York Times*, 'A Top Ten Book of 2016' 'I'd recommend everyone to read this book ... it's not just statistics, it's not just the information, but it's the connective tissue that shows the human story behind it. I really enjoyed it' Trevor Noah, host of Comedy Central's 'The Daily Show' A deeply reported book on the birth of the Black Lives Matter movement, offering unparalleled insight into the reality of police violence in America, and an intimate, moving portrait of those working to end it In over a year of on-the-ground reportage, Washington Post writer Wesley Lowery traveled across the US to uncover life inside the most heavily policed, if otherwise neglected, corners of America today. In an effort to grasp the scale of the response to Michael Brown's death and understand the magnitude of the problem police violence represents, Lowery conducted hundreds of interviews with the families of victims of police brutality, as well as with local activists working to stop it. Lowery investigates the cumulative effect of decades of racially biased policing in segregated neighborhoods with constant discrimination, failing schools, crumbling infrastructure and too few jobs. Offering a historically informed look at the standoff between the police and those they are sworn to protect, *They Can't Kill Us All* demonstrates that civil unrest is just one tool of resistance in the broader struggle for justice. And at the end of President Obama's tenure, it grapples with a worrying and largely unexamined aspect of his legacy: the failure to deliver tangible security and opportunity to the marginalised Americans most in need of it.

The Critical Reception of James Baldwin, 1963-2010 Conuela Francis 2014 Examines the major divisions in criticism of this major African American writer, paying particular attention to the way each critical period defines Baldwin and his work for its own purposes.

African American Culture and Legal Discourse R. Schur 2009-12-07 This work examines the experiences of African Americans under the law and how African American culture has fostered a rich tradition of legal criticism. Moving between novels, music, and visual culture, the essays present race as a significant

factor within legal discourse. Essays examine rights and sovereignty, violence and the law, and cultural ownership through the lens of African American culture. The volume argues that law must understand the effects of particular decisions and doctrines on African American life and culture and explores the ways in which African American cultural production has been largely centered on a critique of law.

Between the World and Me Ta-Nehisi Coates 2015-07-16 Winner, Kirkus Prize for Non-Fiction, 2015 In the 150 years since the end of the Civil War and the ratification of the Thirteenth Amendment, the story of race and America has remained a brutally simple one, written on flesh: it is the story of the black body, exploited to create the country's foundational wealth, violently segregated to unite a nation after a civil war, and, today, still disproportionately threatened, locked up and killed in the streets. What is it like to inhabit a black body and find a way to live within it? And how can America reckon with its fraught racial history? *Between the World and Me* is Ta-Nehisi Coates' attempt to answer those questions, presented in the form of a letter to his adolescent son. Coates shares with his son the story of his own awakening to the truth about history and race through a series of revelatory experiences: immersion in nationalist mythology as a child; engagement with history, poetry and love at Howard University; travels to Civil War battlefields and the South Side of Chicago; a journey to France that reorients his sense of the world; and pilgrimages to the homes of mothers whose children's lives have been taken as American plunder. Taken together, these stories map a winding path towards a kind of liberation—a journey from fear and confusion, to a full and honest understanding of the world as it is. Masterfully woven from lyrical personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* offers a powerful new framework for understanding America's history and current crisis, and a transcendent vision for a way forward. Ta-Nehisi Coates is a national correspondent for the Atlantic and the author of the memoir *The Beautiful Struggle*. Coates has received the National Magazine Award, the Hillman Prize for Opinion and Analysis Journalism, and the George Polk Award for his Atlantic cover story 'The Case for Reparations'. He lives in New York with his wife and son. 'Coates offers this eloquent memoir as a letter to his teenage son, bearing witness to his own experiences and conveying passionate hopes for his son's life...this moving, potent testament might have been titled Black Lives Matter.' Kirkus Reviews 'I've been wondering who might fill the intellectual void that plagued me after James Baldwin died. Clearly it is Ta-Nehisi Coates. The language of *Between the World and Me*, like Coates' journey, is visceral, eloquent and beautifully redemptive. And its examination of the hazards and hopes of black male life is as profound as it is revelatory. This is required reading.' Toni Morrison 'Extraordinary...Ta-Nehisi Coates...writes an impassioned letter to his teenage son—a letter both loving and full of a parent's dread—counselling him on the history of American violence against the black body, the young African-American's extreme vulnerability to wrongful arrest, police violence, and disproportionate incarceration.' David Remnick, *New Yorker* 'A searing meditation on what it means to be black in America today...as compelling a portrait of a father-son relationship as Martin Amis's *Experience* or Geoffrey Wolff's *The Duke of Deception*.' *New York Times* 'Coates possesses a profoundly empathetic imagination and a tough intellect...Coates speaks to America, but Australia has reason to listen.' *Monthly* 'Heartbreaking, confronting, it draws power from understatement in dealing with race in America and the endless wrong-headed concept that whites are somehow entitled to subjugate everyone else.' *Capital* 'In our current global landscape it's an essential perspective, regardless of your standpoint.' *Paperboy* 'Impactful and poignant.' *Reading With Jenna*

Feral Ornamentals Charlie Green 2021-03-26 In *Feral Ornamentals*, Charlie Green takes the particles and atoms that are our lives, reads them inside out and gives us beauty that says we are here and that every breath is art, whether we are grieving, loving, at war, or simply watching the snow fall and boiling eggs. "You can't live in the past, but still you can die there"-read this gift in the present so that we do not die in the past. -Mukoma Wa Ngugi Who knows what? What do they know? And do they know what they do not know? Charlie Green's *Feral Ornamentals* incites my epistemological curiosity. This new book offers dynamite lines, such as 'We had mixed feelings about discovering / new sins' and 'Regret the error, then forget it.' I love the company these poems keep: fragment, epigraph, epiphany. -Jillian Weise
