

The Hamlet Fire A Tragic Story Of Cheap Food Cheap Government And Cheap Lives

Recognizing the way ways to acquire this books The Hamlet Fire A Tragic Story Of Cheap Food Cheap Government And Cheap Lives is additionally useful. You have remained in right site to begin getting this info. get the The Hamlet Fire A Tragic Story Of Cheap Food Cheap Government And Cheap Lives associate that we present here and check out the link.

You could purchase lead The Hamlet Fire A Tragic Story Of Cheap Food Cheap Government And Cheap Lives or acquire it as soon as feasible. You could speedily download this The Hamlet Fire A Tragic Story Of Cheap Food Cheap Government And Cheap Lives after getting deal. So, afterward you require the books swiftly, you can straight get it. Its in view of that extremely easy and suitably fats, isnt it? You have to favor to in this impression

Bound for Glory Woody Guthrie 1983-09-15 First published in 1943, this autobiography is also a superb portrait of America's Depression years, by the folk singer, activist, and man who saw it all. Woody Guthrie was born in Oklahoma and traveled this whole country over—not by jet or motorcycle, but by boxcar, thumb, and foot. During the journey of discovery that was his life, he composed and sang words and music that have become a national heritage. His songs, however, are but part of his legacy. Behind him Woody Guthrie left a remarkable autobiography that vividly brings to life both his vibrant personality and a vision of America we cannot afford to let die. “Even readers who never heard Woody or his songs will understand the current esteem in which he’s held after reading just a few pages... Always shockingly immediate and real, as if Woody were telling it out loud... A book to make novelists and sociologists jealous.” —The Nation

Murder Most Foul David Bevington 2011-06-23 What is it about Hamlet that has made it such a vital work in English drama and literature? David Bevington argues that the staging, criticism, and editing of Hamlet go hand in hand over the centuries, from 1599-1600 to the present day, to such a remarkable extent that the history of Hamlet can be seen as a kind of paradigm for the cultural history of the English-speaking world.

Falling for Hamlet Michelle Ray 2011-07-05 Passion, romance, drama, humor, and

tragedy intertwine in this compulsively readable Hamlet retelling, from the perspective of a strong-willed, modern-day Ophelia. Meet Ophelia, high school senior, daughter of the Danish king's most trusted adviser, and longtime girlfriend of Prince Hamlet of Denmark. She lives a glamorous life and has a royal social circle, and her beautiful face is splashed across magazines and television screens. But it comes with a price--her life is ruled not only by Hamlet's fame and his overbearing royal family but also by the paparazzi who hound them wherever they go. After the sudden and suspicious death of his father, the king, the devastatingly handsome Hamlet spirals dangerously toward madness, and Ophelia finds herself torn, with no one to turn to. All Ophelia wants is to live a normal life. But when you date a prince, you have to play your part. Ophelia rides out this crazy roller coaster life, and lives to tell her story in live television interviews.

Macbeth William Shakespeare 1872

Imperial Metropolis Jessica M. Kim 2021-08 "In this ... narrative of capitalist development and revolutionary response, Jessica Kim chronicles the imperial visions of the Los Angeles civic elites who fueled the city's phenomenal growth between the Civil War and World War II. Driven by the belief that an enterprising white-run city deserved to control a nonwhite periphery, wealthy Angelenos invested heavily in Mexican industries such as agriculture, petroleum, mining, and tourism, and transformed the countryside of northern Mexico, both to enrich themselves and to develop their home

city as a new site of empire"--

Shakespeare and Senecan Tragedy Curtis Perry 2020-10-15 Shakespeare's tragic characters have often been seen as forerunners of modern personhood. It has been assumed that Shakespeare was able to invent such lifelike figures in part because of his freedom from the restrictions of classical form. Curtis Perry instead argues that characters such as Hamlet and King Lear have seemed modern to us in part because they are so robustly connected to the tradition of Senecan tragedy. Resituating Shakespearean tragedy in this way - as backward looking as well as forward looking - makes it possible to recover a crucial political dimension. Shakespeare saw Seneca as a representative voice from post-republican Rome: in plays such as Coriolanus and Othello he uses Senecan modes of characterization to explore questions of identity in relation to failures of republican community. This study has important implications for the way we understand character, community, and alterity in early modern drama.

The Land where the Blues Began Alan Lomax 1994-12-01 Lomax's account of African American oral traditions provides information on such legendary bluesmen as Robert Johnson, Muddy Waters, and Son House

The Life of King Henry the Fifth William Shakespeare 1890

Coriolanus William Shakespeare 2013-10-11

Great Expectations Charles Dickens 2021-04-20 Great Expectations is the thirteenth novel by Charles Dickens and his penultimate completed novel. It depicts the education

of an orphan nicknamed Pip. It is Dickens's second novel, after *David Copperfield*, to be fully narrated in the first person.

My Wife's Affair Nancy Woodruff 2010-04-15 Peter accepted his fate as a failed novelist turned semi-successful businessman, but even after three children, his wife Georgie always held onto the actress inside her. When Peter gets a job in London, the move sets Georgie down a seductive path to the life she always wanted. Landing a one-woman show, she is drawn into the romance of the stage and begins to feel a kinship with her character-Dora Jordan, a famous eighteenth-century actress who had thirteen illegitimate children, ten fathered by the future King of England-and develops an irresistible attraction to the show's playwright, beginning an affair that will irrevocably change her life, her marriage, and her world.

Measure for Measure William Shakespeare 1991-06-27 Since the rediscovery of Elizabethan stage conditions early this century, admiration for *Measure for Measure* has steadily risen. It is now a favorite with the critics and has attracted widely different styles of performance. At one extreme the play is seen as a religious allegory, at the other it has been interpreted as a comedy protesting against power and privilege. Brian Gibbons focuses on the unique tragi-comic experience of watching the play, the intensity and excitement offered by its dramatic rhythm, the reversals and surprises that shock the audience even to the end. The introduction describes the play's critical reception and stage history and how these have varied according to prevailing social,

moral and religious issues, which were highly sensitive when Measure for Measure was written, and have remained so to the present day.

Sons of Anarchy #10 Kurt Sutter 2014-06-11 With their release from prison rapidly coming due, Jax, Clay and the other jailed Sons of Anarchy must find a way to settle the score before they're let loose, along with the hell that's coming so close on their heels. Jail was bloody, but freedom may bring even more carnage to the Sons of Anarchy!

Hamnet Maggie O'Farrell 2021-12 "In 1580's England, during the Black Plague a young Latin tutor falls in love with an extraordinary, eccentric young woman in this "exceptional historical novel" (The New Yorker) and best-selling winner of the Women's Prize for Fiction. Agnes is a wild creature who walks her family's land with a falcon on her glove and is known throughout the countryside for her unusual gifts as a healer, understanding plants and potions better than she does people. Once she settles with her husband on Henley Street in Stratford-upon-Avon she becomes a fiercely protective mother and a steadfast, centrifugal force in the life of her young husband, whose career on the London stage is taking off when his beloved young son succumbs to sudden fever. A luminous portrait of a marriage, a shattering evocation of a family ravaged by grief and loss, and a tender and unforgettable re-imagining of a boy whose life has been all but forgotten, and whose name was given to one of the most celebrated plays of all time, Hamnet is mesmerizing, seductive, impossible to put down--a magnificent

leap forward from one of our most gifted novelists"--

The Tragical History of the Life and Death of Doctor Faustus Christopher Marlowe 1997-01-01

There Are No Accidents Jessie Singer 2022-02-15 A journalist recounts the surprising history of accidents and reveals how they've come to define all that's wrong with America. We hear it all the time: "Sorry, it was just an accident." And we've been deeply conditioned to just accept that explanation and move on. But as Jessie Singer argues convincingly: There are no such things as accidents. The vast majority of mishaps are not random but predictable and preventable. Singer uncovers just how the term "accident" itself protects those in power and leaves the most vulnerable in harm's way, preventing investigations, pushing off debts, blaming the victims, diluting anger, and even sparking empathy for the perpetrators. As the rate of accidental death skyrockets in America, the poor and people of color end up bearing the brunt of the violence and blame, while the powerful use the excuse of the "accident" to avoid consequences for their actions. Born of the death of her best friend, and the killer who insisted it was an accident, this book is a moving investigation of the sort of tragedies that are all too common, and all too commonly ignored. In this revelatory book, Singer tracks accidental death in America from turn of the century factories and coal mines to today's urban highways, rural hospitals, and Superfund sites. Drawing connections between traffic accidents, accidental opioid overdoses, and accidental oil spills, Singer proves

that what we call accidents are hardly random. Rather, who lives and dies by an accident in America is defined by money and power. She also presents a variety of actions we can take as individuals and as a society to stem the tide of “accidents”—saving lives and holding the guilty to account.

The Story of Edgar Sawtelle David Wroblewski 2008-09-04 A contemporary retelling of Hamlet of stark and striking brilliance set on a farm in remote northern Wisconsin.

The Somerset Tsunami Emma Carroll 2019-10-01 A fight for survival against torrential flooding and local superstition from the Queen of Historical Fiction. A sinking boat . . . A girl in disguise . . . A disappearing sea . . . When Fortune Sharpe carves a boat from a tree with her beloved brother, Gem, she's only having a bit of fun. But now is not the time for a girl to be drawing attention to herself. She is sent away to find work dressed as a boy. Luckily a rich manor house is hiring. Yet Barrow Hall's inhabitants harbour dangerous secrets of their own, the suspicious owner is hunting for witches, and the house itself is a little too close to the sea . . . 'To read a new Emma Carroll book is to wallow in a warm bath as she expertly combines a thrilling story with local history and characters to root for.' The Times 'Carroll's historical fiction is at its best in this dramatic story . . . A wonderful sense of place and challenging characters.' Daily Mail, Best Children's Books of the Year 'Emma just gets better and better and BETTER.' Scott Evans, The Reader Teacher & #PrimarySchoolBookClub

Candide Voltaire 2002 A flamboyant and controversial personality of enormous wit and

intelligence, Voltaire remains one of the most influential figures of the eighteenth-century Enlightenment. *Candide*, his masterpiece, is a brilliant satire of the theory that our world is “the best of all possible worlds.” The book traces the picaresque adventures of the guileless Candide, who is forced into the army, flogged, shipwrecked, betrayed, robbed, separated from his beloved Cunegonde, tortured by the Inquisition, et cetera, all without losing his resilience and will to live and pursue a happy life. This Modern Library edition, published to celebrate the seventy-fifth anniversary of Random House, is a facsimile of the first book ever released under the Random House colophon. It includes the timeless illustrations by Rockwell Kent, a twentieth-century artist whose wit and genius serve as a counterpart and compliment to Voltaire’s.

The Tragedy of Dido Queene of Carthage Christopher Marlowe 2020-03-16 "The Tragedy of Dido Queene of Carthage" by Christopher Marlowe. Published by Good Press. Greek Tragic Women on Shakespearean Stages Tanya Pollard 2017-09-15 Greek Tragic Women on Shakespearean Stages argues that ancient Greek plays exerted a powerful and uncharted influence on early modern England's dramatic landscape. Drawing on original research to challenge longstanding assumptions about Greek texts' invisibility, the book shows not only that the plays were more prominent than we have believed, but that early modern readers and audiences responded powerfully to specific plays and themes. The Greek plays most popular in the period were not male-centered dramas such as Sophocles' Oedipus, but tragedies by Euripides that focused on raging bereaved mothers and sacrificial virgin daughters, especially Hecuba and Iphigenia. Because tragedy was firmly linked with its Greek origin in the period's writings, these iconic female figures acquired a privileged status as synecdoches for the tragic theater and its ability to conjure sympathetic emotions in audiences. When Hamlet reflects on the moving power of tragic performance, he turns to the most prominent of these

figures: 'What's Hecuba to him, or he to Hecuba/ That he should weep for her?'

Through readings of plays by Shakespeare and his contemporary dramatists, this book argues that newly visible Greek plays, identified with the origins of theatrical performance and represented by passionate female figures, challenged early modern writers to reimagine the affective possibilities of tragedy, comedy, and the emerging genre of tragicomedy.

Pale Fire Vladimir Nabokov 2012-09-06 A novel constructed around the last great poem of a fictional American poet, John Shade, and an account of his death. The poem appears in full and the narrative develops through the lengthy, and increasingly eccentric, notes by his posthumous editor.

The Tragedy of Arthur Arthur Phillips 2011-04-19 The Tragedy of Arthur is an emotional and elaborately constructed tour de force from "one of the best writers in America" (The Washington Post). Its doomed hero is Arthur Phillips, a young novelist struggling with a con artist father who works wonders of deception. Imprisoned for decades and nearing the end of his life, Arthur's father reveals a treasure he's kept secret for half a century: The Tragedy of Arthur, a previously unknown play by William Shakespeare. Arthur and his twin sister inherit their father's mission: to see the manuscript published and acknowledged as the Bard's last great gift to humanity . . . unless it's their father's last great con. By turns hilarious and haunting, this virtuosic novel, which includes Shakespeare's (?) lost play in its entirety, brilliantly subverts our notions of truth, fiction,

genius, and identity, as the two Arthurs—the novelist and the ancient king—play out their strangely intertwined fates. Consumer Society Barry Smart 2010-03-15 Electronic Inspection Copy available for instructors here What factors are contributing to the continuing growth in consumption of goods and services? At what point do the costs associated with consumerism begin to call our way of life into question? How are the problems of resource depletion, waste and pollution, and environmental impact being addressed? What is to be done about the consequences of our all-consuming way of life? Ever-increasing consumption and a relentless pursuit of growth in output are the twin pillars on which the modern economy and contemporary social life rest. But the consumer way of life is globally unsustainable. We can't all live the consumer dream. This comprehensive, lively and informative book will quickly be recognized as a benchmark in the field. It brings together a huge set of resources for thinking about the development of consumer culture, its defining features, and global consequences. Adept in handling a complex range of classical and contemporary theoretical sources, the book draws on an impressive range of comparative material and provides a variety of contemporary examples to inform and enhance understanding of our consuming way of life. Smart writes with verve and feeling and has produced a stimulating book that enlarges our understanding of consumer culture and provides a timely critical analysis of its consequences. Clear, engaging, and original this book will be essential reading for all those interested in and concerned about our global culture of consumption including

researchers and students in sociology, politics, cultural studies, economics, and social geography.

The Hamlet Fire Bryant Simon 2017-09-05 "Captivating and brilliantly conceived. . . [The Hamlet Fire] will provide readers with insights into our current national politics." —The Washington Post A "gifted writer" (Chicago Tribune) uses a long forgotten factory fire in small-town North Carolina to show how cut-rate food and labor have become the new American norm For decades, the small, quiet town of Hamlet, North Carolina, thrived thanks to the railroad. But by the 1970s, it had become a postindustrial backwater, a magnet for businesses searching for cheap labor with little or almost no official oversight. One of these businesses was Imperial Food Products. The company paid its workers a dollar above the minimum wage to stand in pools of freezing water for hours on end, scraping gobs of fat off frozen chicken breasts before they got dipped in batter and fried into golden brown nuggets and tenders. If a worker complained about the heat or the cold or missed a shift to take care of their children or went to the bathroom too often they were fired. But they kept coming back to work because Hamlet was a place where jobs were scarce. Then, on the morning of September 3, 1991, the day after Labor Day, this factory that had never been inspected burst into flame. Twenty-five people—many of whom were black women with children, living on their own—perished that day behind the plant's locked and bolted doors. Eighty years after the Triangle Shirtwaist Fire, industrial disasters were supposed to

have been a thing of the past. After spending several years talking to local residents, state officials, and survivors of the fire, award-winning historian Bryant Simon has written a vivid, potent, and disturbing social autopsy of this town, this factory, and this time that shows how cheap labor, cheap government, and cheap food came together in a way that was bound for tragedy.

Queen of the Air Dean N. Jensen 2013-06-11 A true life Water for Elephants, Queen of the Air brings the circus world to life through the gorgeously written, true story of renowned trapeze artist and circus performer Leitzel, Queen of the Air, the most famous woman in the world at the turn of the 20th century, and her star-crossed love affair with Alfredo Codona, of the famous Flying Codona Brothers. Like today's Beyonce, Madonna, and Cher, she was known to her vast public by just one name, Leitzel. There may have been some regions on earth where her name was not a household expression, but if so, they were likely on polar ice caps or in the darkest, deepest jungles. Leitzel was born into Dickensian circumstances, and became a princess and then a queen. She was not much bigger than a good size fairy, just four-foot-ten and less than 100 pounds. In the first part of the 20th century, she presided over a sawdust fiefdom of never-ending magic. She was the biggest star ever of the biggest circus ever, the Ringling Bros. and Barnum & Bailey Circus, The Greatest Show on Earth. In her life, Leitzel had many suitors (and three husbands), but only one man ever fully captured her heart. He was the handsome Alfredo Codona, the greatest

trapeze flyer that had ever lived, the only one in his time who, night after night, executed the deadliest of all big-top feats, The Triple--three somersaults in midair while traveling at 60 m.p.h. The Triple, the salto mortale, as the Italians called it, took the lives of more daredevils than any other circus stunt.

An Economic History of the United States Frederick S. Weaver 2015-11-12 The economy of the United States is constantly evolving in response to wars, technological innovations, cultural revolutions, and political maneuverings. Tracing the economic machine of the United States from its first experiments in the colonies to the post–Great Recession era of today, Frederick S. Weaver creates a dynamic narrative of this country’s progression through times of feast and times of famine. Weaver explores diverse areas of the market beyond the financial sector, examining historical fluctuations in distribution of income, how the ebb and flow of specific industries have influenced the shape of the market, and, ultimately, how the economy of the United States has made America the nation we know today. An Economic History of the United States is a thoughtful and accessible introduction to the subject of American economic history, suitable for undergraduate courses in U.S. political and economic history.

The Ring and the Book Robert Browning 1889

Romeo and Juliet William Shakespeare 1973 The tragedy of Romeo and Juliet - the

greatest love story ever.

An Orchestra of Minorities Chigozie Obioma 2019-01-03 SHORTLISTED FOR THE BOOKER PRIZE 2019 From the author of the Booker-shortlisted novel, *The Fishermen* FINANCIAL TIMES BEST BOOKS OF 2019 'Obioma is truly the heir to Chinua Achebe' New York Times 'A major new African writer' Salman Rushdie 'A profoundly humane epic love story' Booker Prize Judges 2019 A young farmer named Chinonso prevents a woman from falling to her death. Bonded by this strange night on the bridge, he and Ndali fall in love, but it is a mismatch according to her family who reject him because of his lowly status. Is it love or madness that makes Chinonso think he can change his destiny? Set across Nigeria and Cyprus, *An Orchestra of Minorities*, written in the mythic style of the Igbo tradition, weaves a heart-wrenching tale about fate versus free will.

'A spectacular artistic leap' Guardian 'Brilliantly original' The Economist 'A remarkable talent' Independent 'Few contemporary novels achieve the seductive panache of Obioma's heightened language, with its mixture of English, Igbo and colourful African-English phrases, and the startling clarity of the dialogue. The story is extreme; yet its theme is a bid for mercy for that most fragile of creatures - a human' Eileen Battersby, Guardian

How Plays Work David Edgar 2009 Distinguished playwright David Edgar examines the

mechanisms and techniques which dramatists throughout the ages have employed to structure their plays and to express their meaning. Written for playwrights and playgoers alike, Edgar's analysis starts with the building blocks of whole plays – plot, character creation, genre and structure – and moves on to scenes and devices. He shows how plays share a common architecture without which the uniqueness of their authors' vision would be invisible. What does King Lear have in common with Cinderella? What does Jaws owe to Ibsen? From Aeschylus to Alan Ayckbourn, from Chekhov to Caryl Churchill, are there common principles by which all plays work? How Plays Work is a masterclass for playwrights and playmakers and a fascinating guide to the anatomy of drama. 'lucid, deeply intelligent... combines theoretical acumen with the assured know-how of a working dramatist' Terry Eagleton, TLS 'Fascinating... Read it. You will learn a lot' The Stage

Consumer Culture and Society Wendy Wiedenhof Murphy 2016-07-27 Consumer Culture and Society offers an introduction to the study of consumerism and consumption from a sociological perspective. Author Wendy Wiedenhof Murphy examines what we buy, how and where we consume, the meanings attached to the things we purchase, and the social forces that enable and constrain consumer behavior. Opening chapters provide a theoretical overview and history of consumer society and featured case studies look at mass consumption in familiar contexts, such as tourism, food, and higher education. The book explores ethical and political

concerns, including consumer activism, indebtedness, alternative forms of consumption, and dilemmas surrounding the globalization of consumer culture.

Money Rock Pam Kelley 2018-09-25 “An ambitious look at the cost of urban gentrification.” —Atlanta-Journal Constitution “Kelley could have written a fine book about Charlotte’s drug trade in the ’80s and ’90s, filled with shoot-outs and flashy jewelry. What she accomplishes with Money Rock, however, is far more laudable.” —Charlotte Magazine “Pam Kelley knows a good story when she sees one—and Money Rock is a hell of a story. . . like a New South version of The Wire.” —Shelf Awareness Meet Money Rock—young, charismatic, and Charlotte’s flashiest coke dealer—in a riveting social history with echoes of Ghettside and Random Family Meet Money Rock. He’s young. He’s charismatic. He’s generous, often to a fault. He’s one of Charlotte’s most successful cocaine dealers, and that’s what first prompted veteran reporter Pam Kelley to craft this riveting social history—by turns action-packed, uplifting, and tragic—of a striving African American family, swept up and transformed by the 1980s cocaine epidemic. The saga begins in 1963 when a budding civil rights activist named Carrie gives birth to Belton Lamont Platt, eventually known as Money Rock, in a newly integrated North Carolina hospital. Pam Kelley takes readers through a shootout that shocks the city, a botched FBI sting, and a trial with a judge known as “Maximum Bob.” When the story concludes more than a half century later, Belton has redeemed himself. But three of his sons have met violent deaths and his oldest, fresh

from prison, struggles to make a new life in a world where the odds are stacked against him. This gripping tale, populated with characters both big-hearted and flawed, shows how social forces and public policies—racism, segregation, the War on Drugs, mass incarceration—help shape individual destinies. Money Rock is a deeply American story, one that will leave readers reflecting on the near impossibility of making lasting change, in our lives and as a society, until we reckon with the sins of our past.

As You Like it William Shakespeare 1810

Hamlet William Shakespeare 2021-02-09 Hamlet, probably composed between 1599 and 1601, takes place in Denmark and tells how Prince Hamlet carries out his revenge on his uncle Claudius who murdered Hamlet's father, the king, and holds the usurped crown as well as nuptials with Gertrude, the mother of Hamlet. The play is vividly traced around insanity (both real and feigned) and the course from deep pain to inordinate anger. It also explores the themes of betrayal, revenge, incest and moral corruption.

Boardwalk of Dreams Bryant Simon 2004-07-29 During the first half of the twentieth century, Atlantic City was the nation's most popular middle-class resort--the home of the famed Boardwalk, the Miss America Pageant, and the board game Monopoly. By the late 1960s, it had become a symbol of urban decay and blight, compared by journalists to bombed-out Dresden and war-torn Beirut. Several decades and a dozen casinos later, Atlantic City is again one of America's most popular tourist spots, with thirty-five million visitors a year. Yet most stay for a mere six hours, and the highway

has replaced the Boardwalk as the city's most important thoroughfare. Today the city doesn't have a single movie theater and its one supermarket is a virtual fortress protected by metal detectors and security guards. In this wide-ranging book, Bryant Simon does far more than tell a nostalgic tale of Atlantic City's rise, near death, and reincarnation. He turns the depiction of middle-class vacationers into a revealing discussion of the boundaries of public space in urban America. In the past, he argues, the public was never really about democracy, but about exclusion. During Atlantic City's heyday, African Americans were kept off the Boardwalk and away from the beaches. The overly boisterous or improperly dressed were kept out of theaters and hotel lobbies by uniformed ushers and police. The creation of Atlantic City as the "Nation's Playground" was dependent on keeping undesirables out of view unless they were pushing tourists down the Boardwalk on rickshaw-like rolling chairs or shimmying in smoky nightclubs. Desegregation overturned this racial balance in the mid-1960s, making the city's public spaces more open and democratic, too open and democratic for many middle-class Americans, who fled to suburbs and suburban-style resorts like Disneyworld. With the opening of the first casino in 1978, the urban balance once again shifted, creating twelve separate, heavily guarded, glittering casino worlds walled off from the dilapidated houses, boarded-up businesses, and lots razed for redevelopment that never came. Tourists are deliberately kept away from the city's grim reality and its predominantly poor African American residents. Despite ten of thousands of buses and

cars rolling into every day, gambling has not saved Atlantic City or returned it to its glory days. Simon's moving narrative of Atlantic City's past points to the troubling fate of urban America and the nation's cultural trajectory in the twentieth century, with broad implications for those interested in urban studies, sociology, planning, architecture, and history.

Southern Splendor Marc R. Matrana 2018-03-22 Few things evoke thoughts and memories of the past more than a house from a bygone era, and few places are identified and symbolized more by historic dwellings than the American South. Plantation houses built with columned porticos and wide porches, stout chimneys, large rooms, and sweeping staircases survive as legacies of both a storied and troubled past. These homes are at the heart of a complex web of human relationships that have shaped the social and cultural heritage of the region for generations. Despite their commanding appearance, the region's plantation houses have proven to be fragile relics of history, vulnerable to decay, neglect, and loss. Today, only a small percentage of the South's antebellum treasures survive. In *Southern Splendor: Saving Architectural Treasures of the Old South*, historians Marc R. Matrana, Robin S. Lattimore, and Michael W. Kitchens explore almost fifty houses built before the Civil War that have been authentically restored or preserved. Methodically examined are restoration efforts that preserve not only homes and other structures, but also the stories of those living in or occupying those homes. The authors discuss the challenges facing specific

plantation homes and their preservation. Featuring over 275 stunning photographs, as well as dozens of firsthand accounts and interviews with those involved in the preservation of these historic properties, *Southern Splendor* describes the leading role the South has played, since the nineteenth century, in the historic preservation movement in this country.

The War on Leakers Lloyd C. Gardner 2016-03-01 Four days before Pearl Harbor, in December 1941, someone leaked American contingency war plans to the *Chicago Tribune*. The small splash the story made was overwhelmed by the shock waves caused by the Japanese attack on the Pacific fleet anchored in Hawaii—but the ripples never subsided, growing quietly but steadily across the Cold War, Vietnam, the fall of Communism, and into the present. Ripped from today's headlines, Lloyd C. Gardner's latest book takes a deep dive into the previously unexamined history of national security leakers. *The War on Leakers* joins the growing debate over surveillance and the national security state, bringing to bear the unique perspective of one of our most respected diplomatic historians. Gardner examines how national security leaks have been grappled with over nearly five decades, what the relationship of "leaking" has been to the exercise of American power during and after the Cold War, and the implications of all this for how we should think about the role of leakers and democracy. Gardner's eye-opening new history asks us to consider why America has invested so much of its resources, technology, and credibility in a system that all but cries out for

loyal Americans to leak its secrets.
